

Table of classification, barplot of comutations, KM curves , box plots and bar plots for Component chr_splicing_multiple

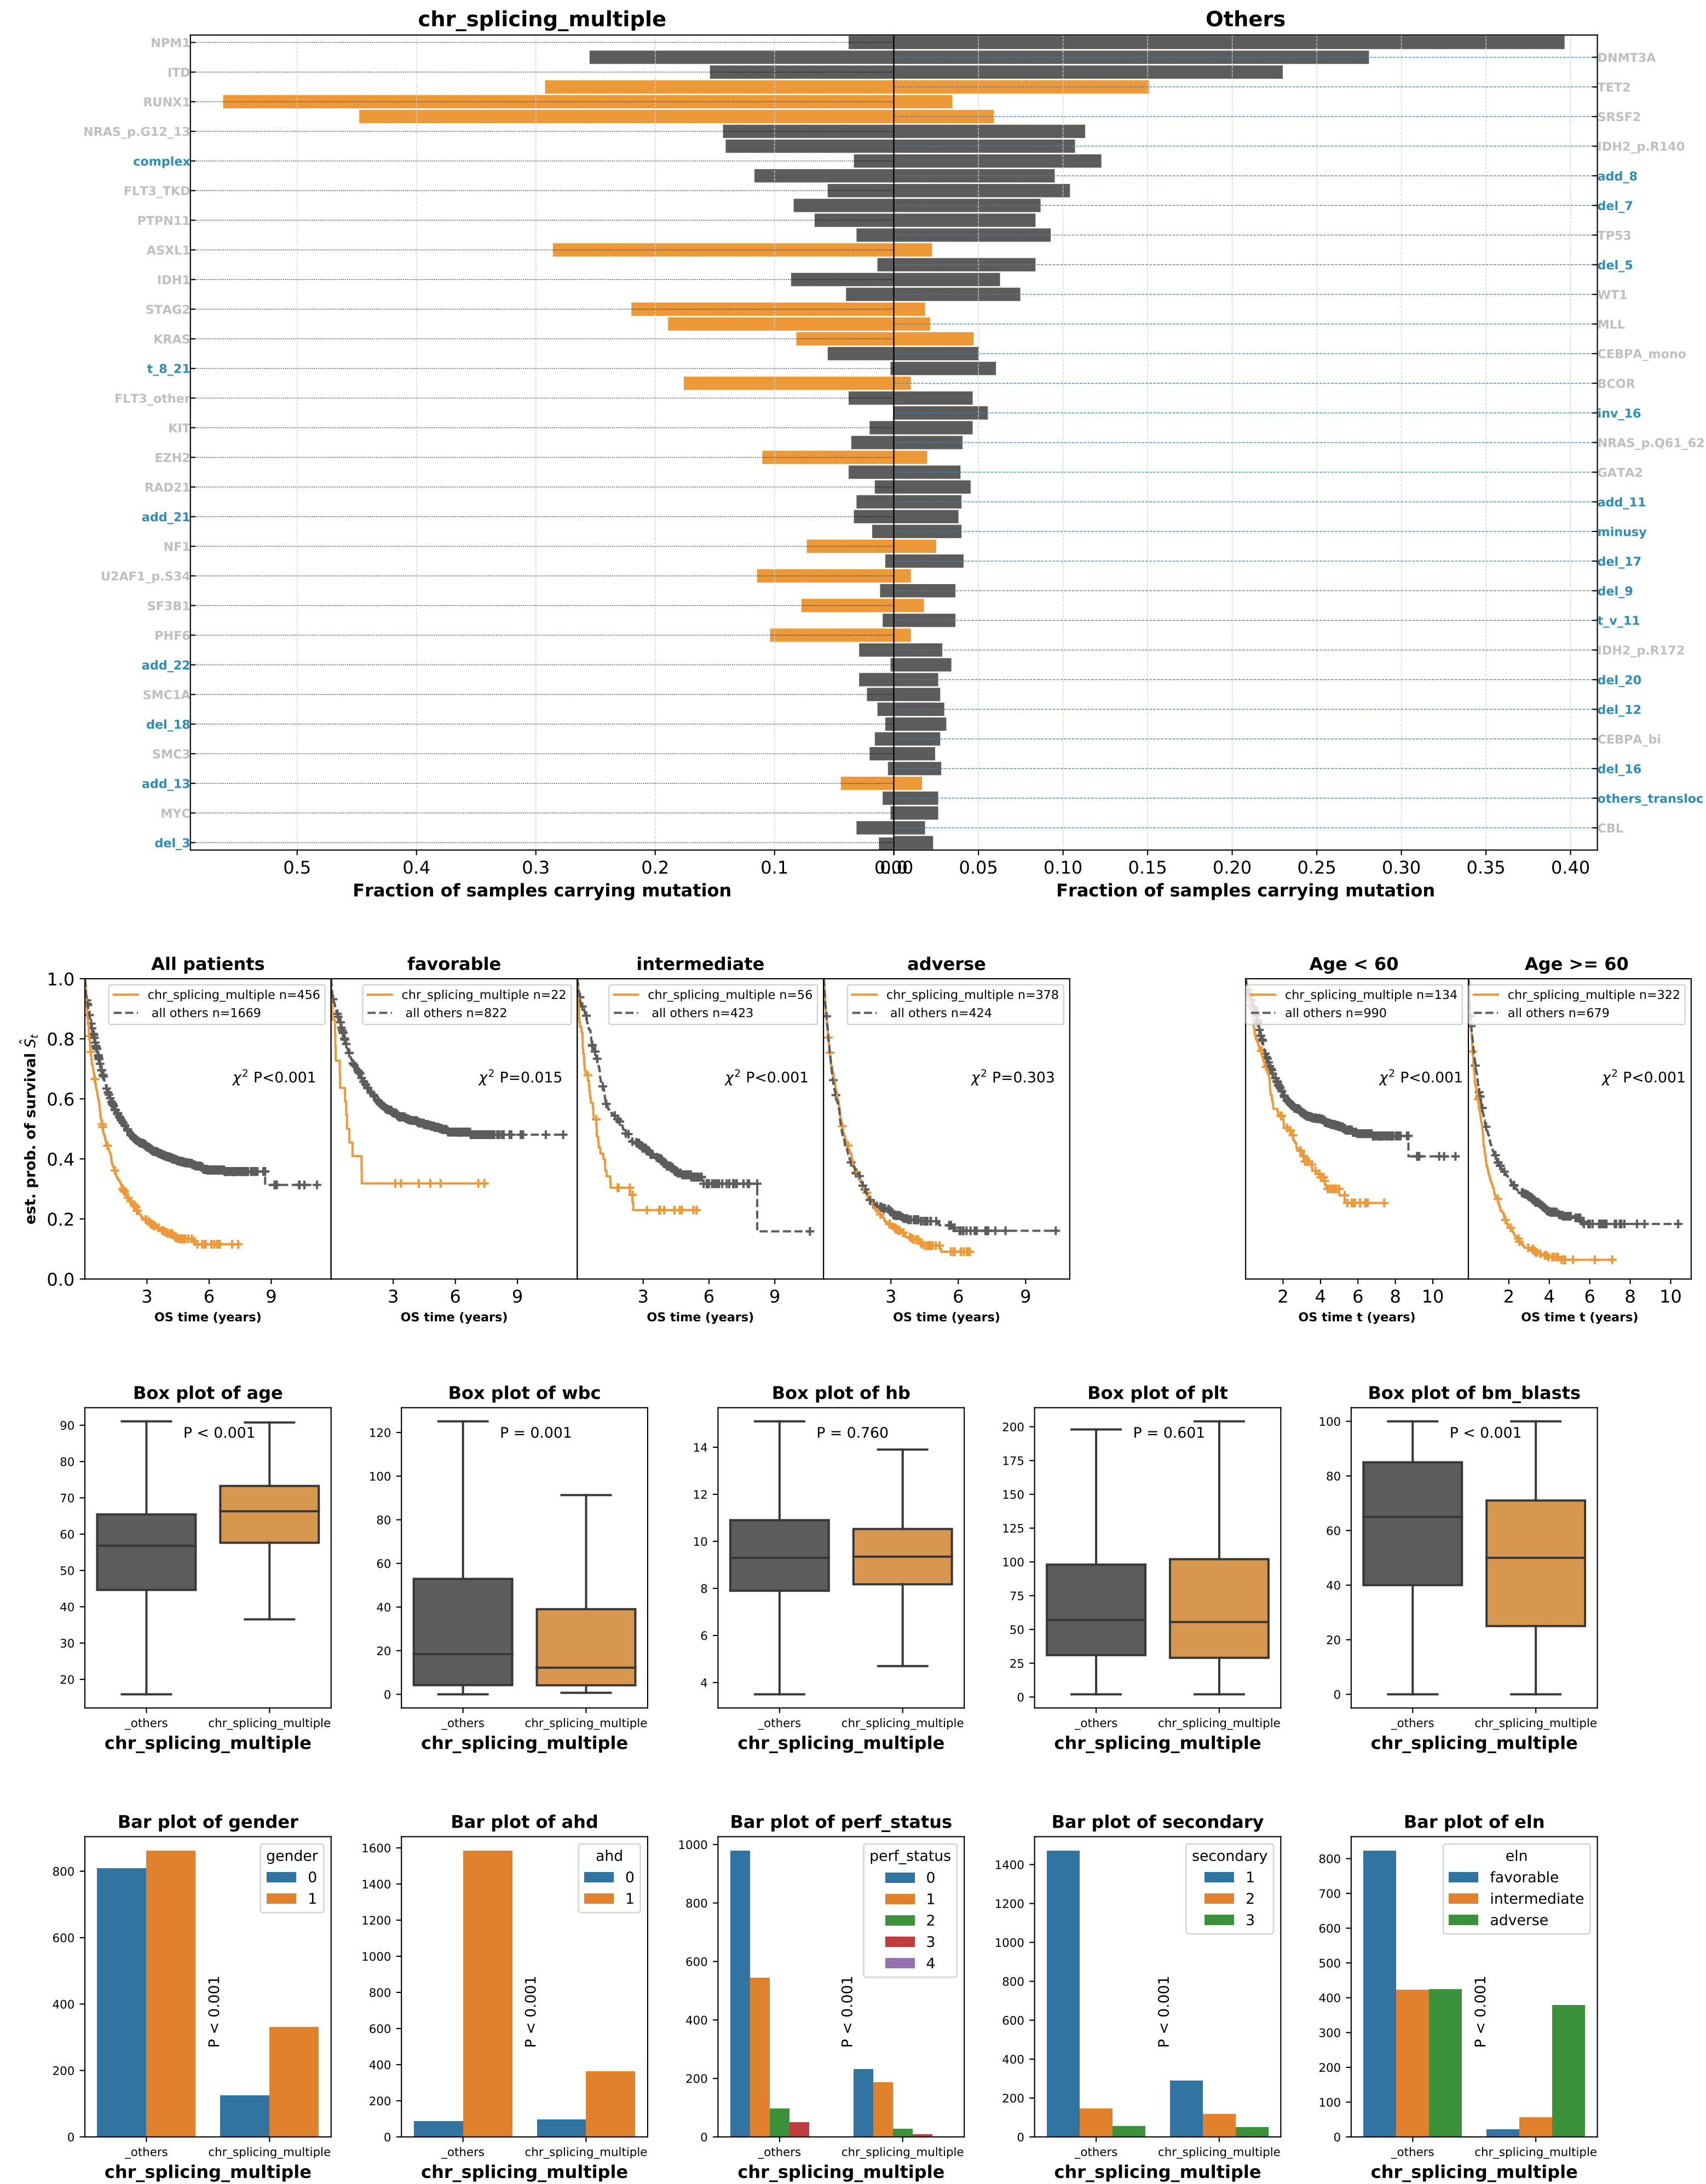

Table of classification, barplot of comutations, KM curves , box plots and bar plots for Component TP53_complex

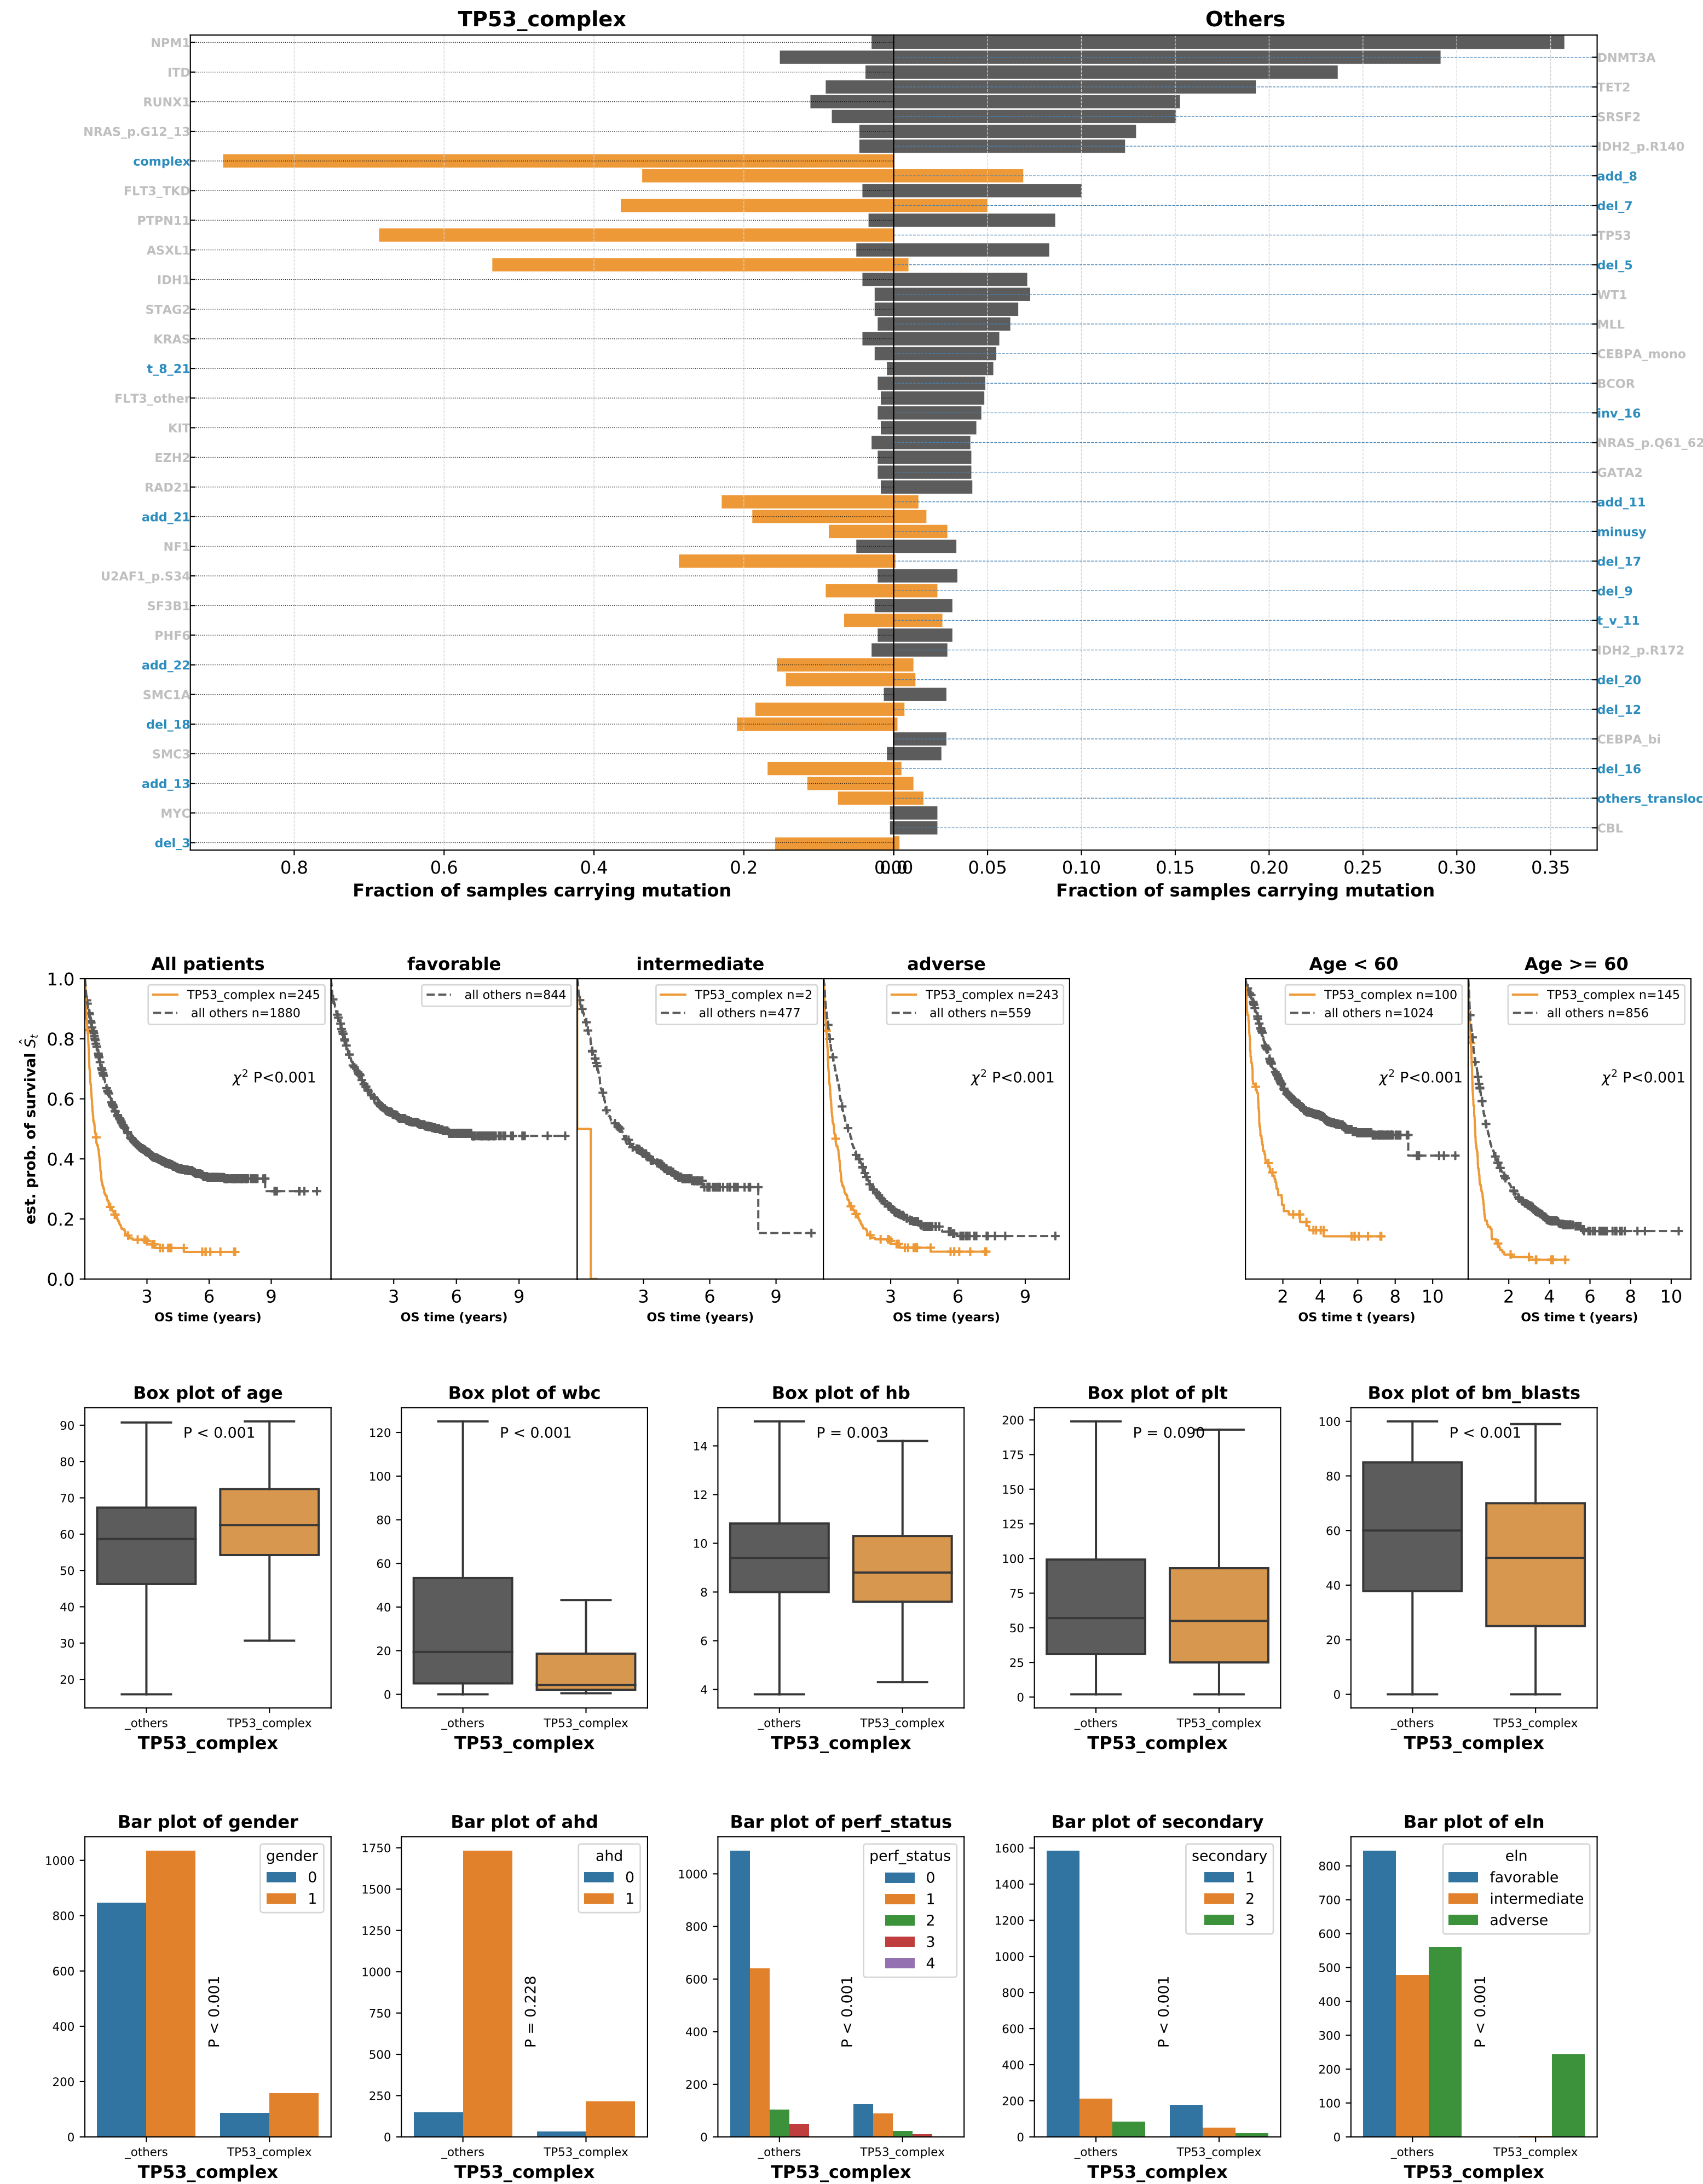

Table of classification, barplot of comutations, KM curves , box plots and bar plots for Component additions

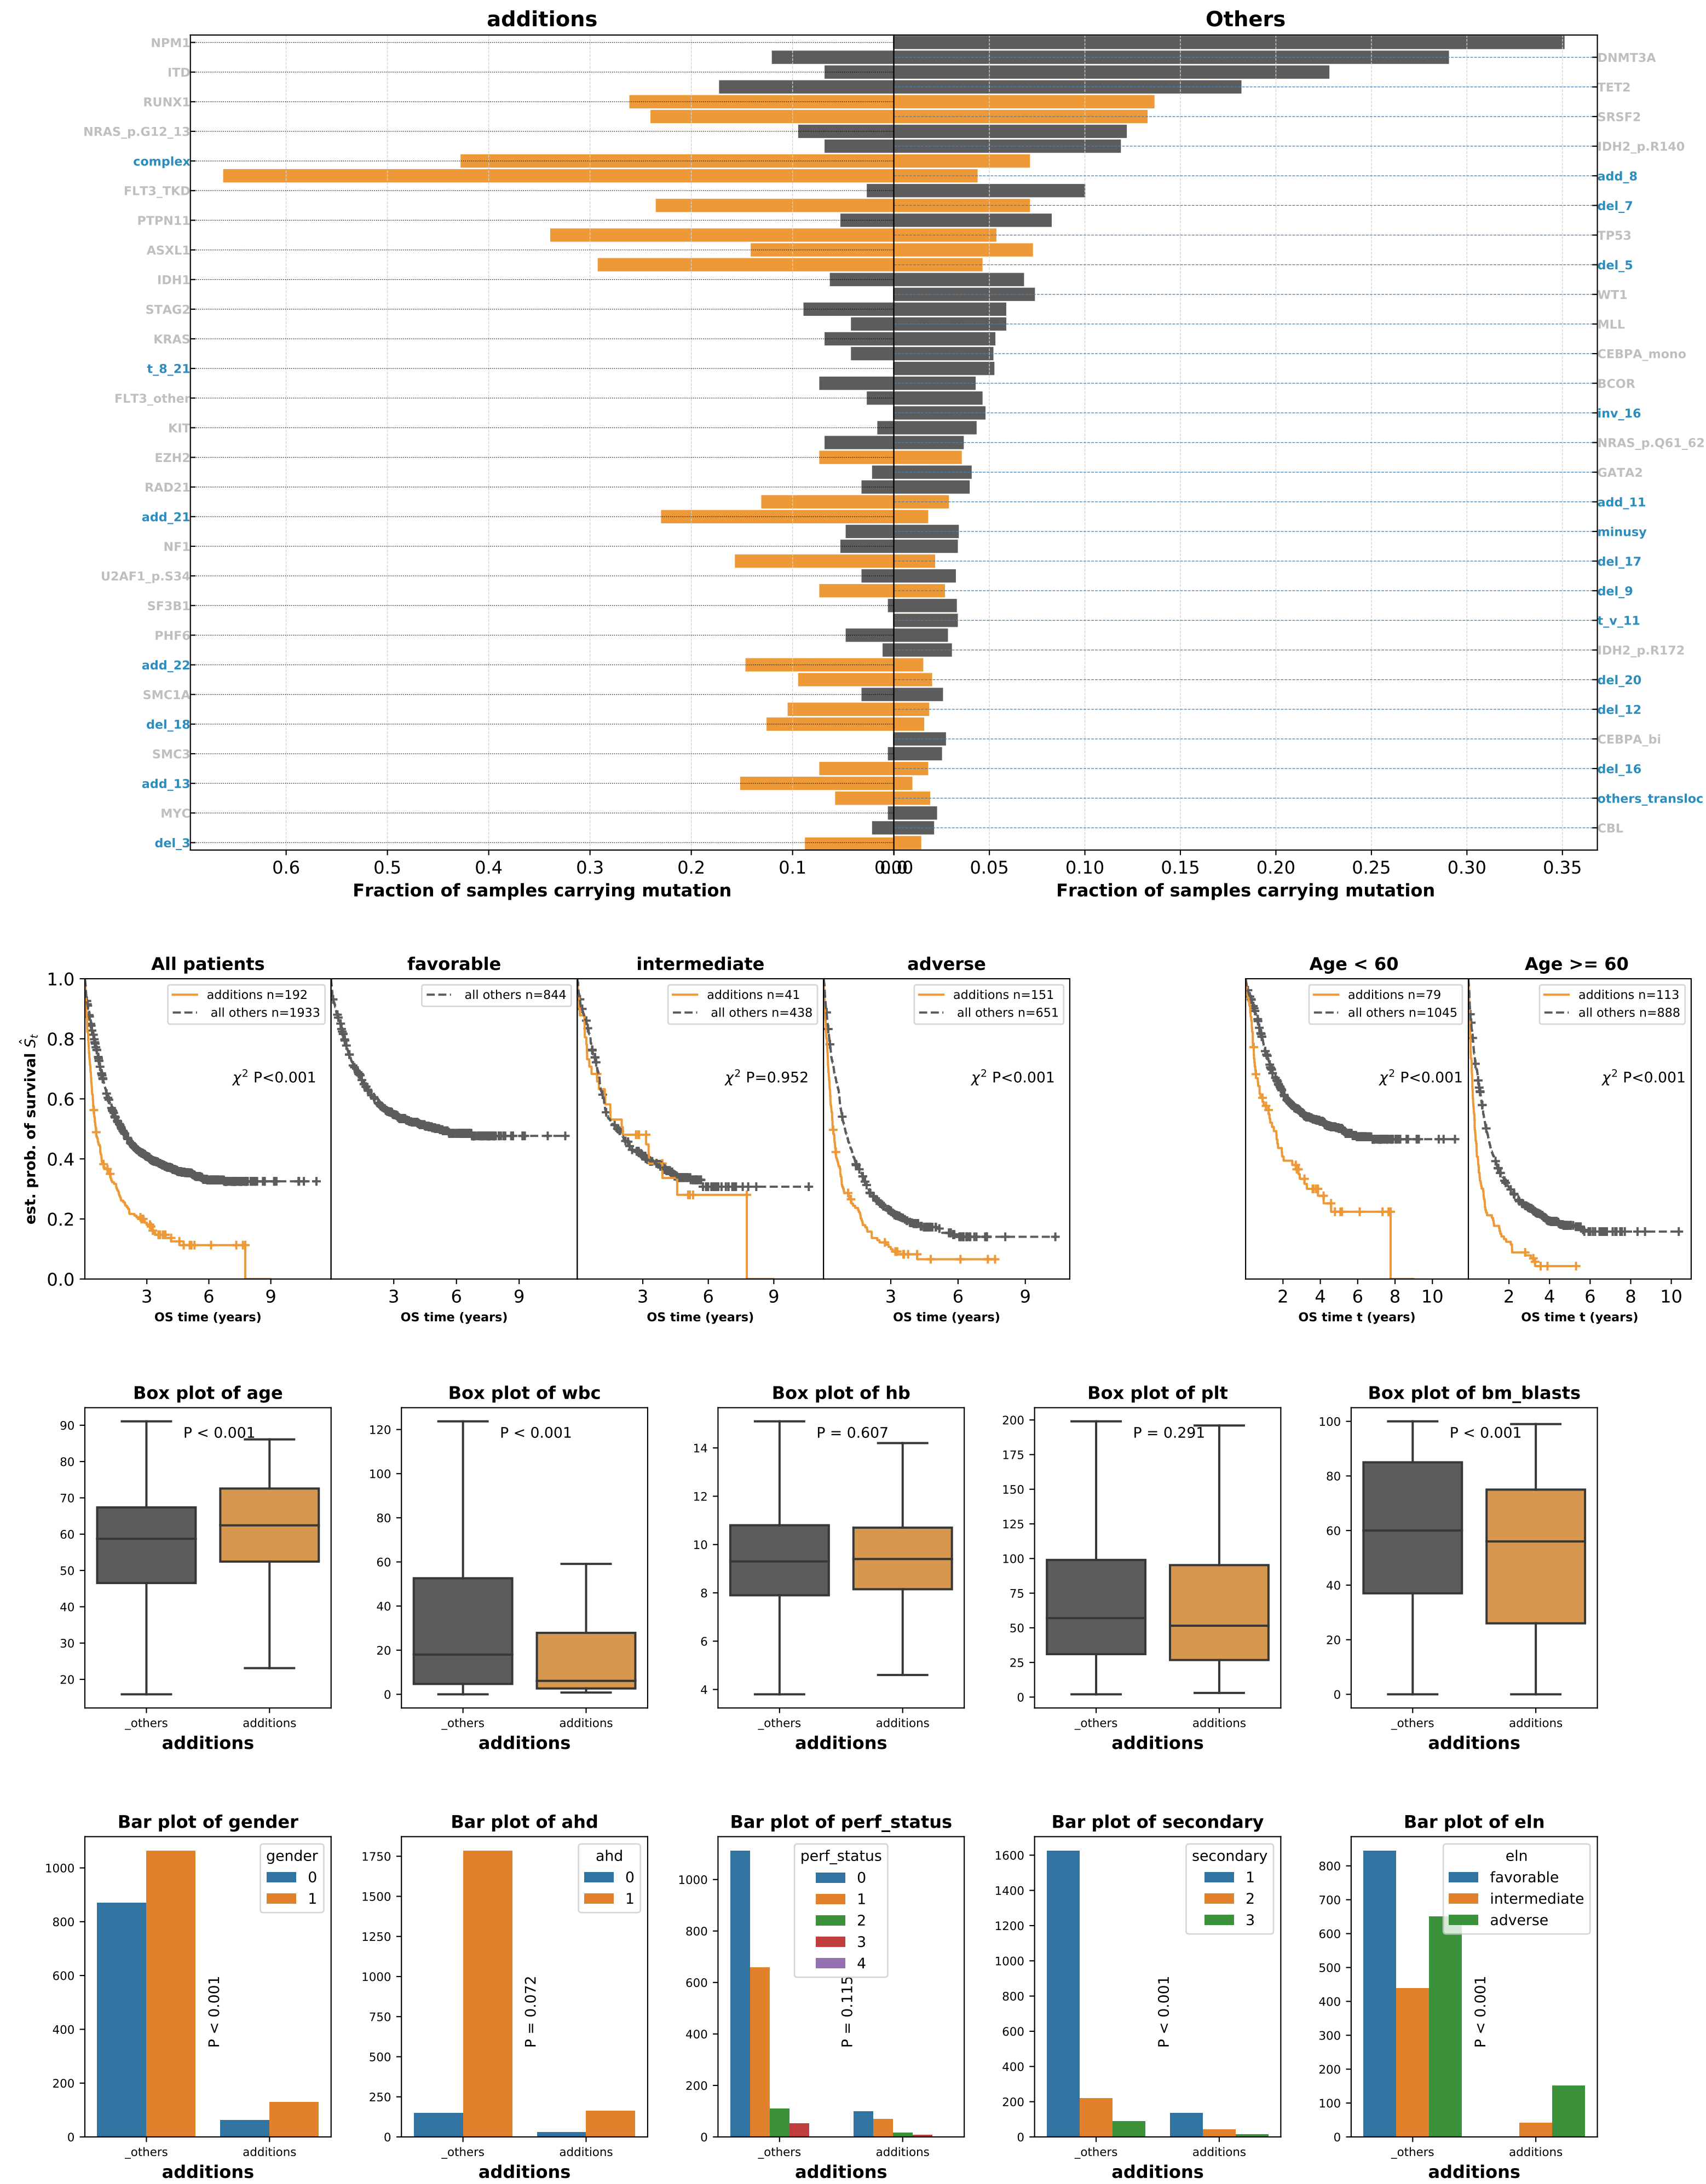

Table of classification, barplot of comutations, KM curves, box plots and bar plots for Component chr_splicing_1

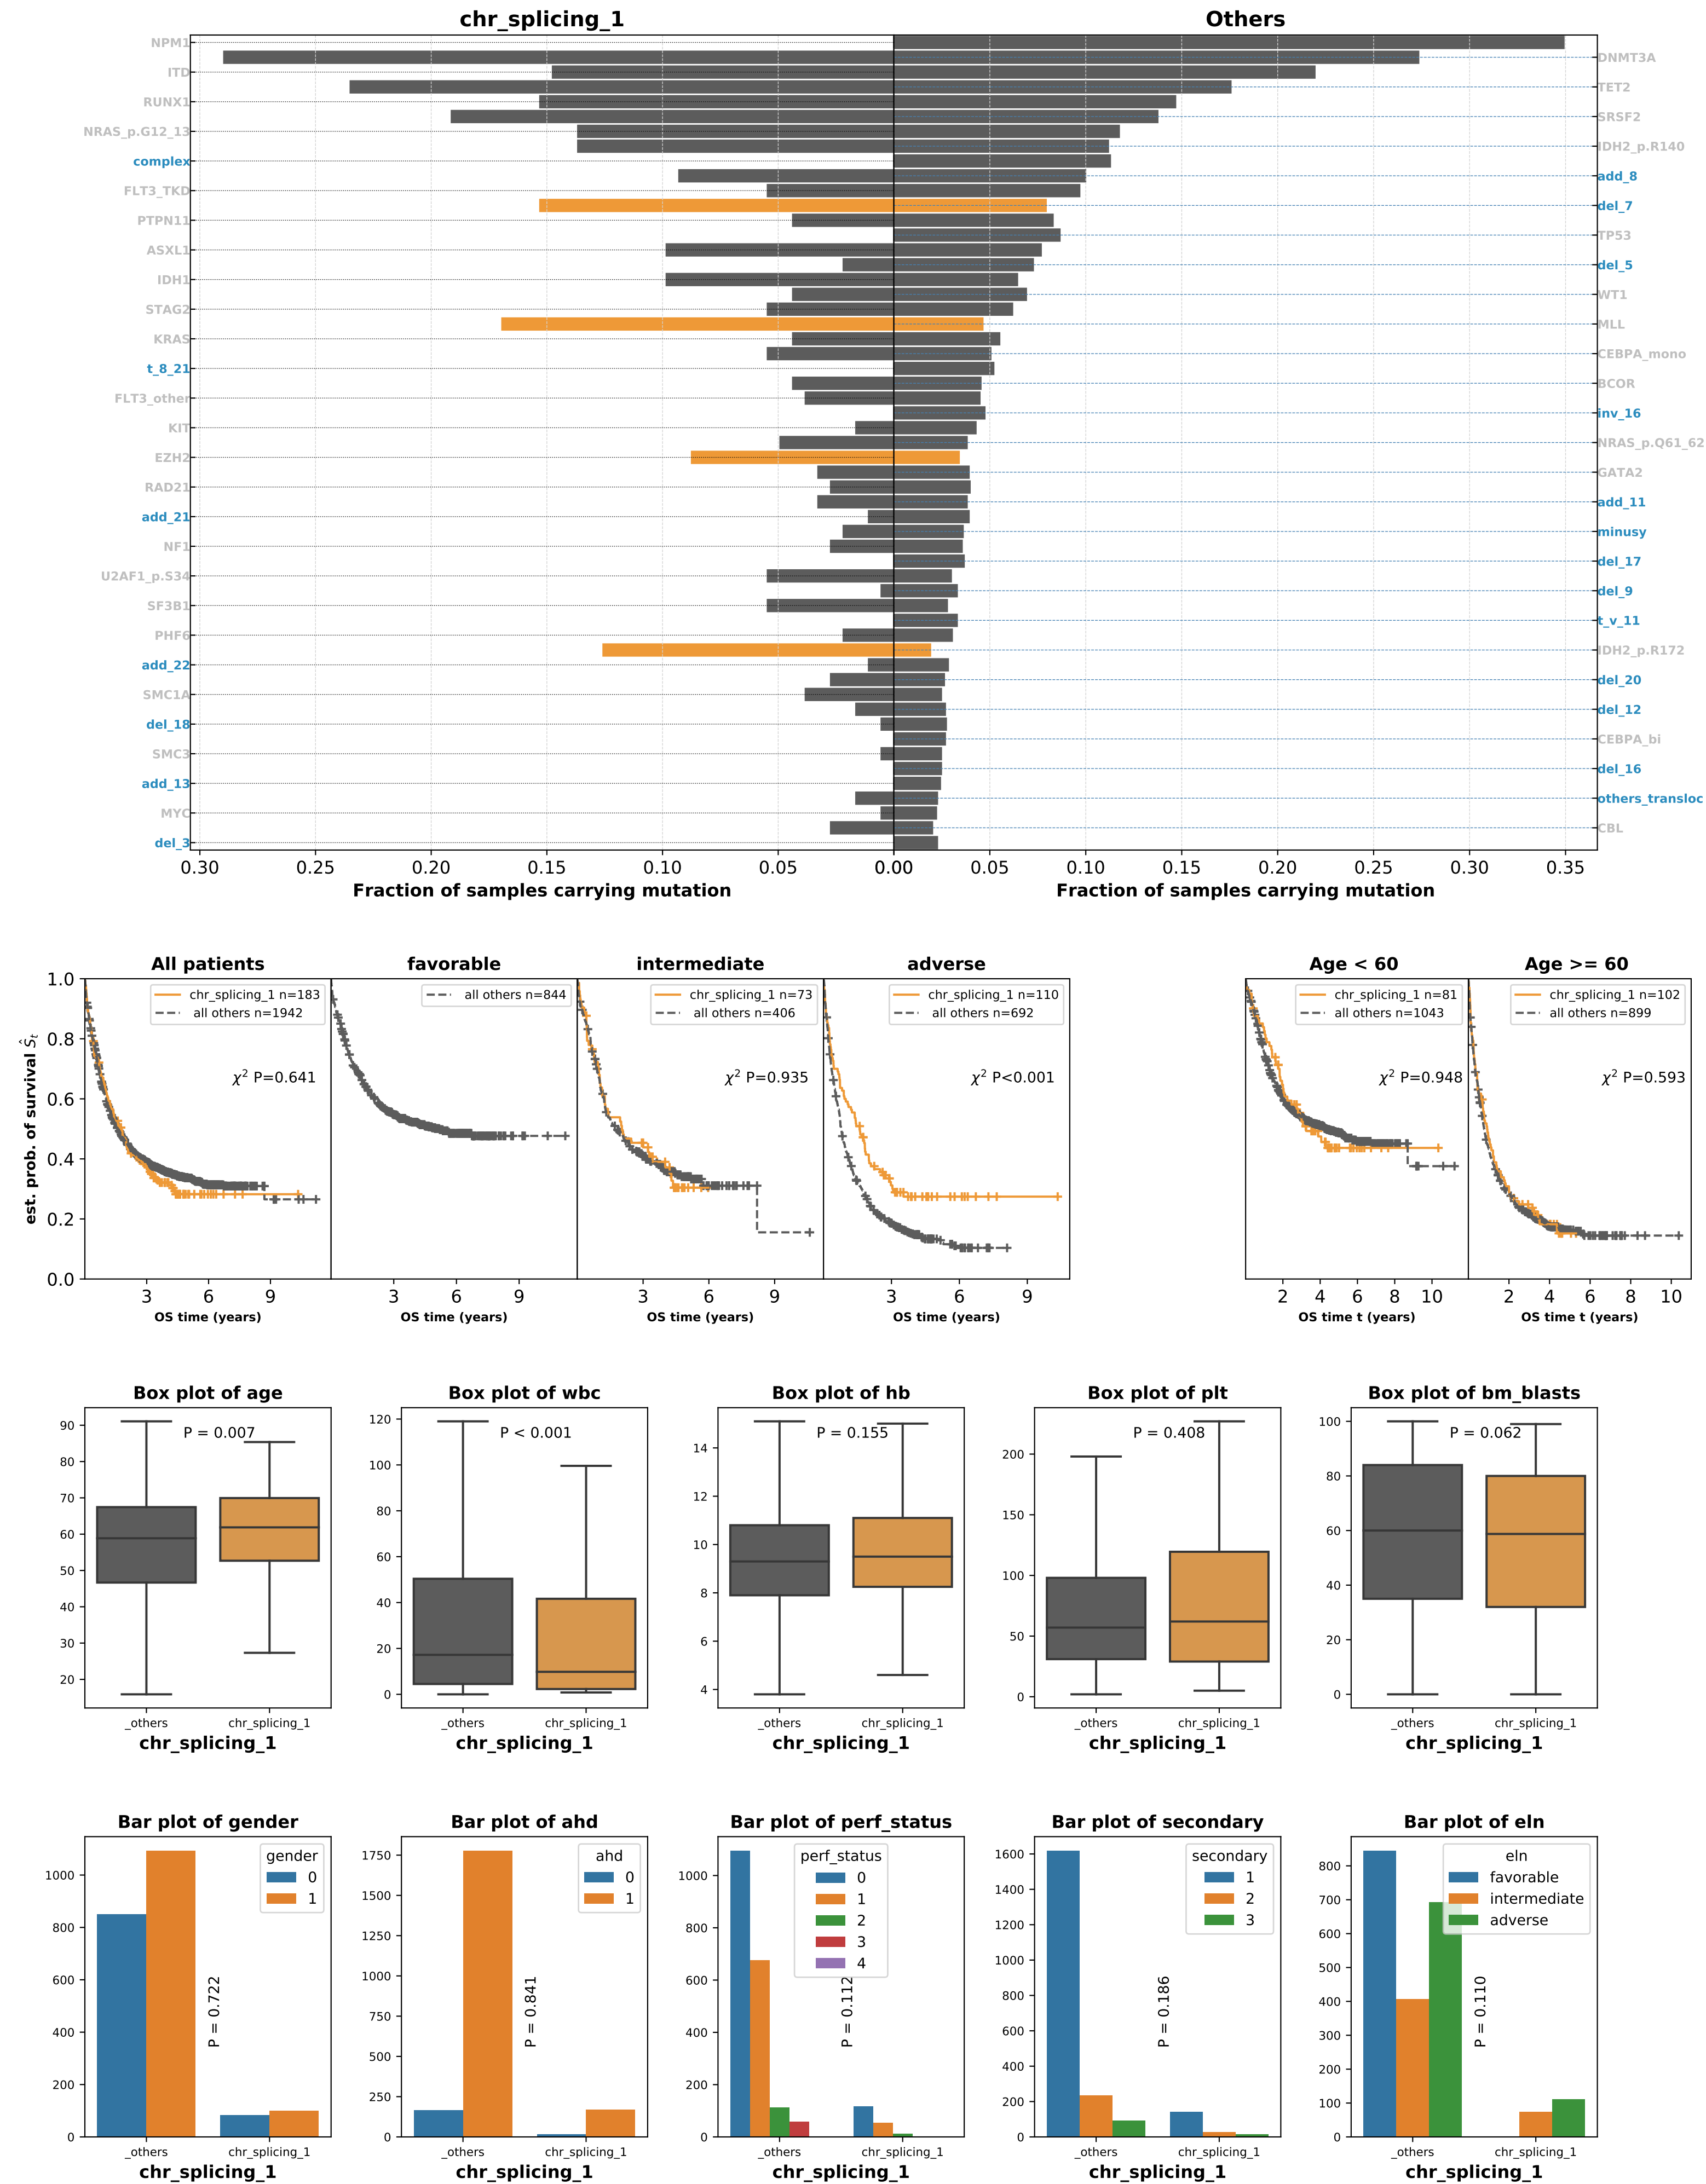

Table of classification, barplot of comutations, KM curves , box plots and bar plots for Component CEBPA_bi

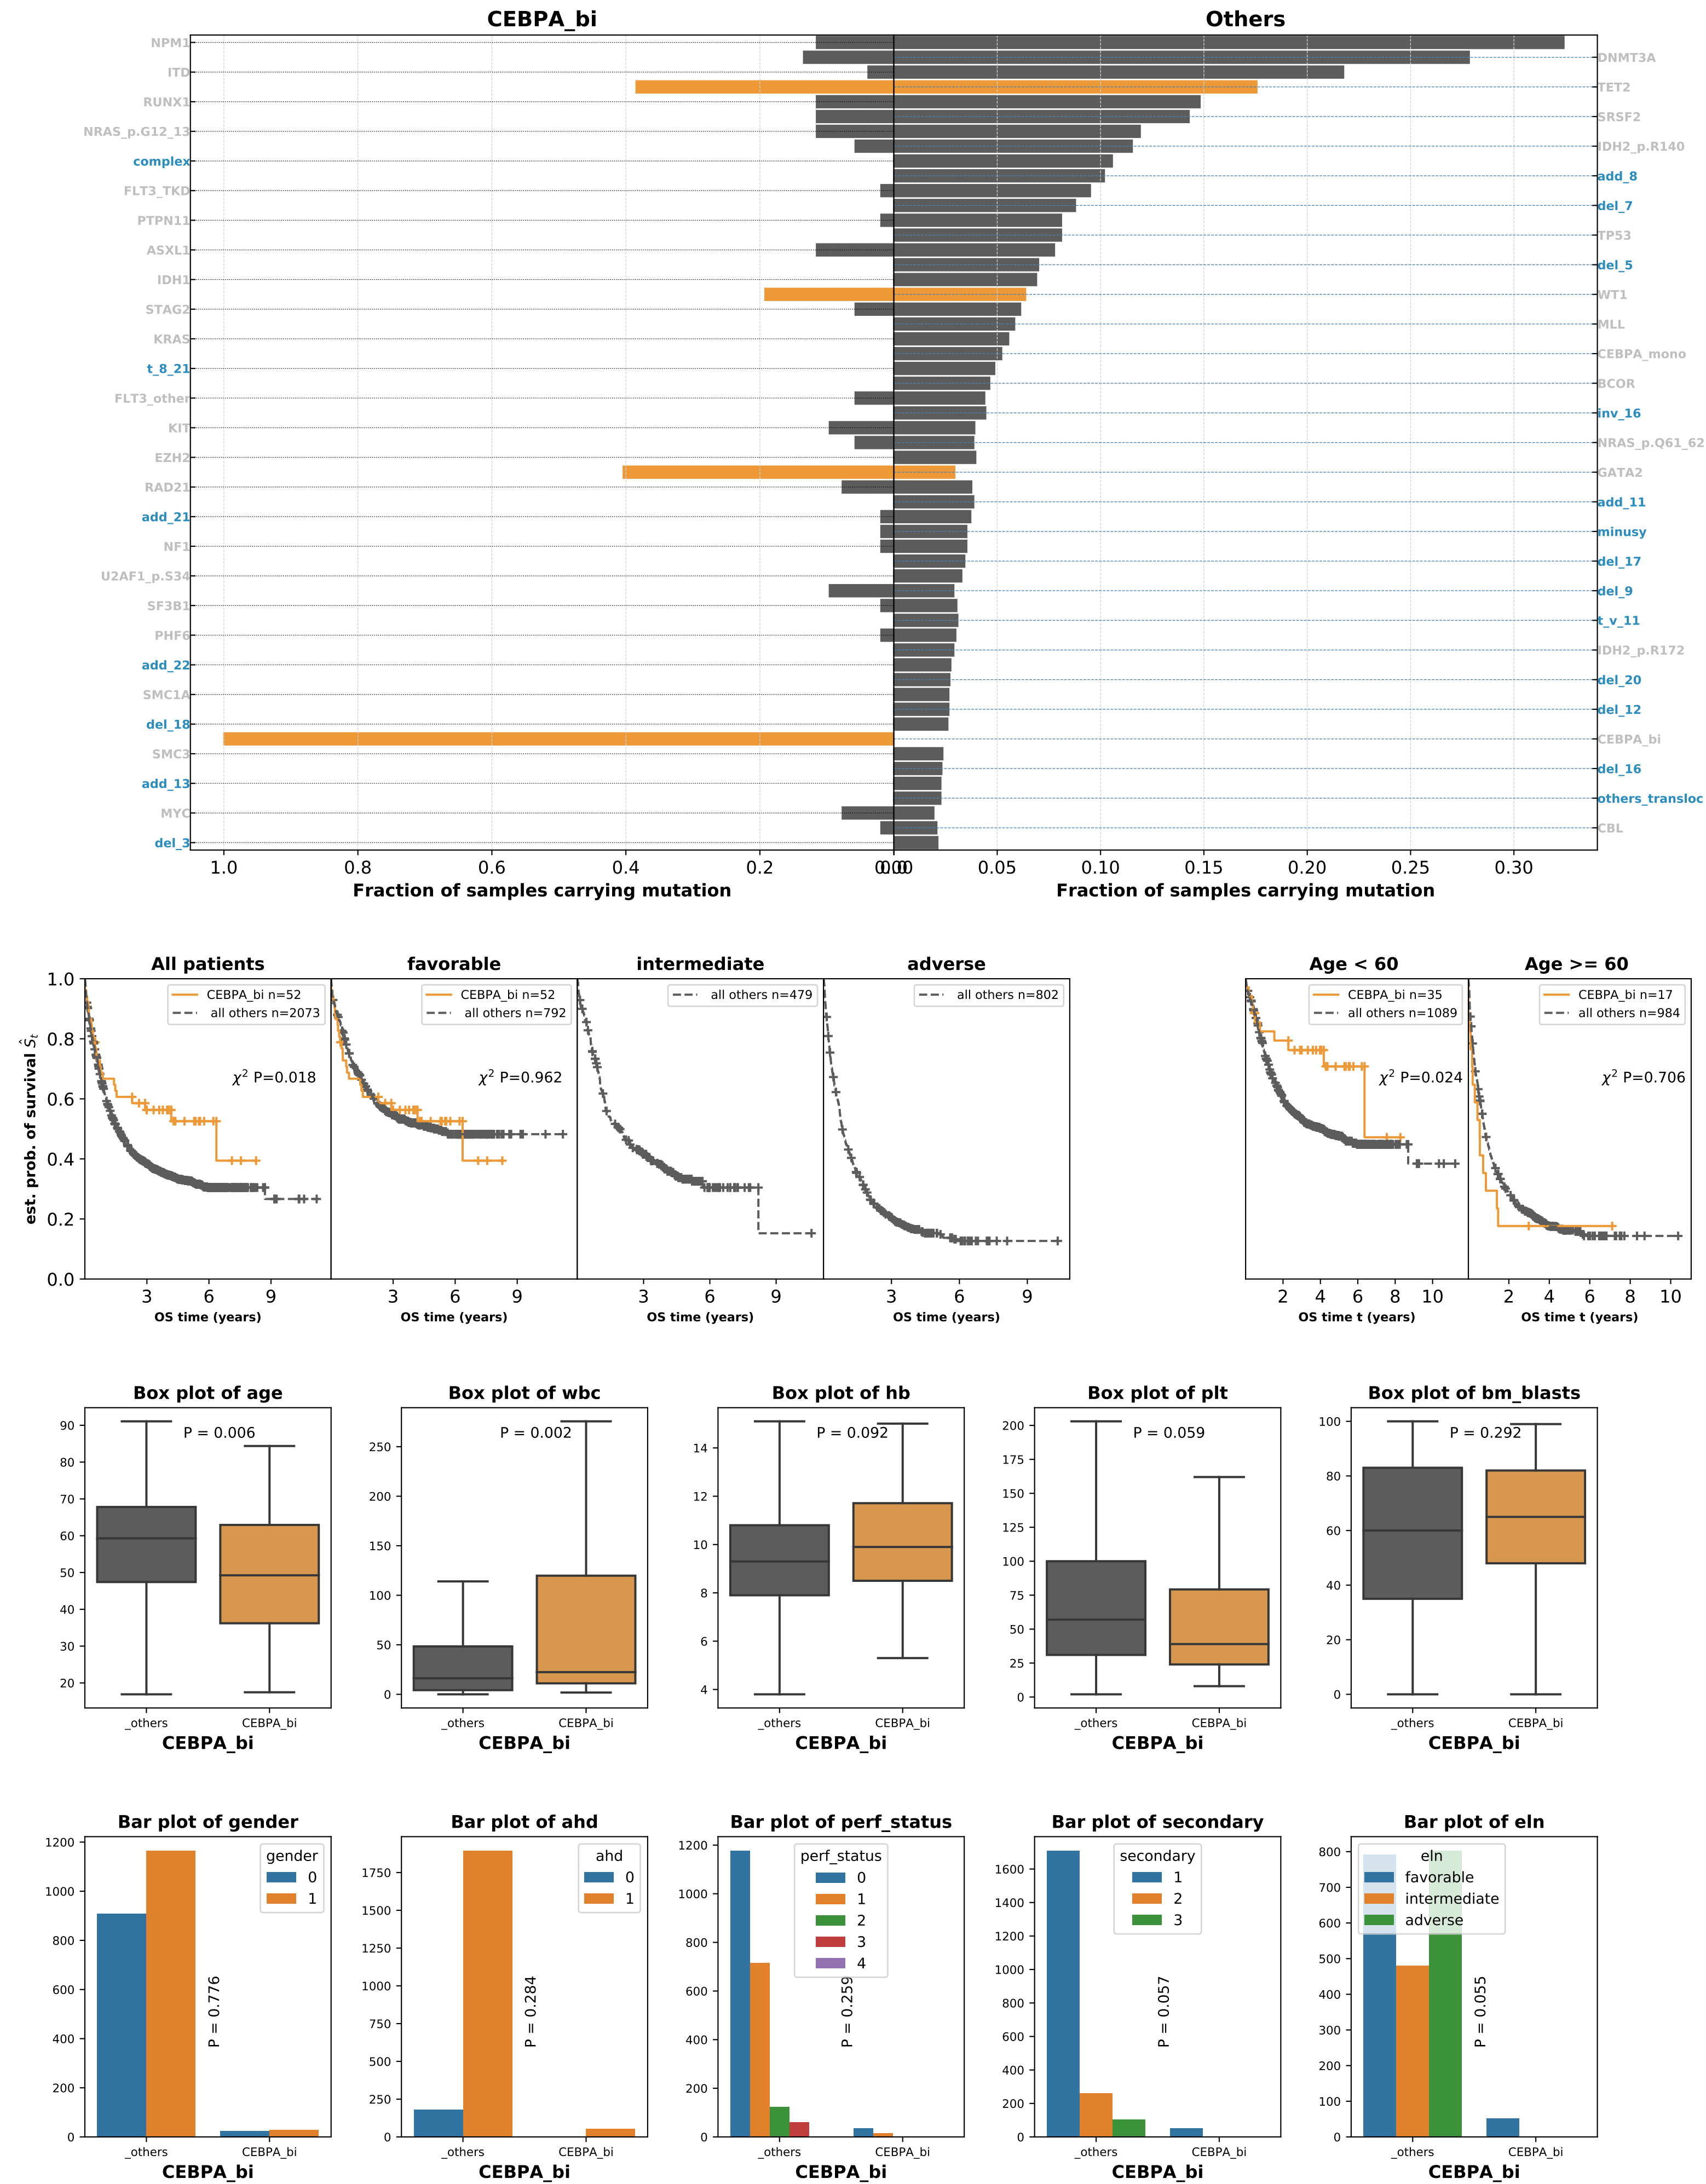

Table of classification, barplot of comutations, KM curves ,box plots and bar plots for Component DNMT3A_IDH1_2

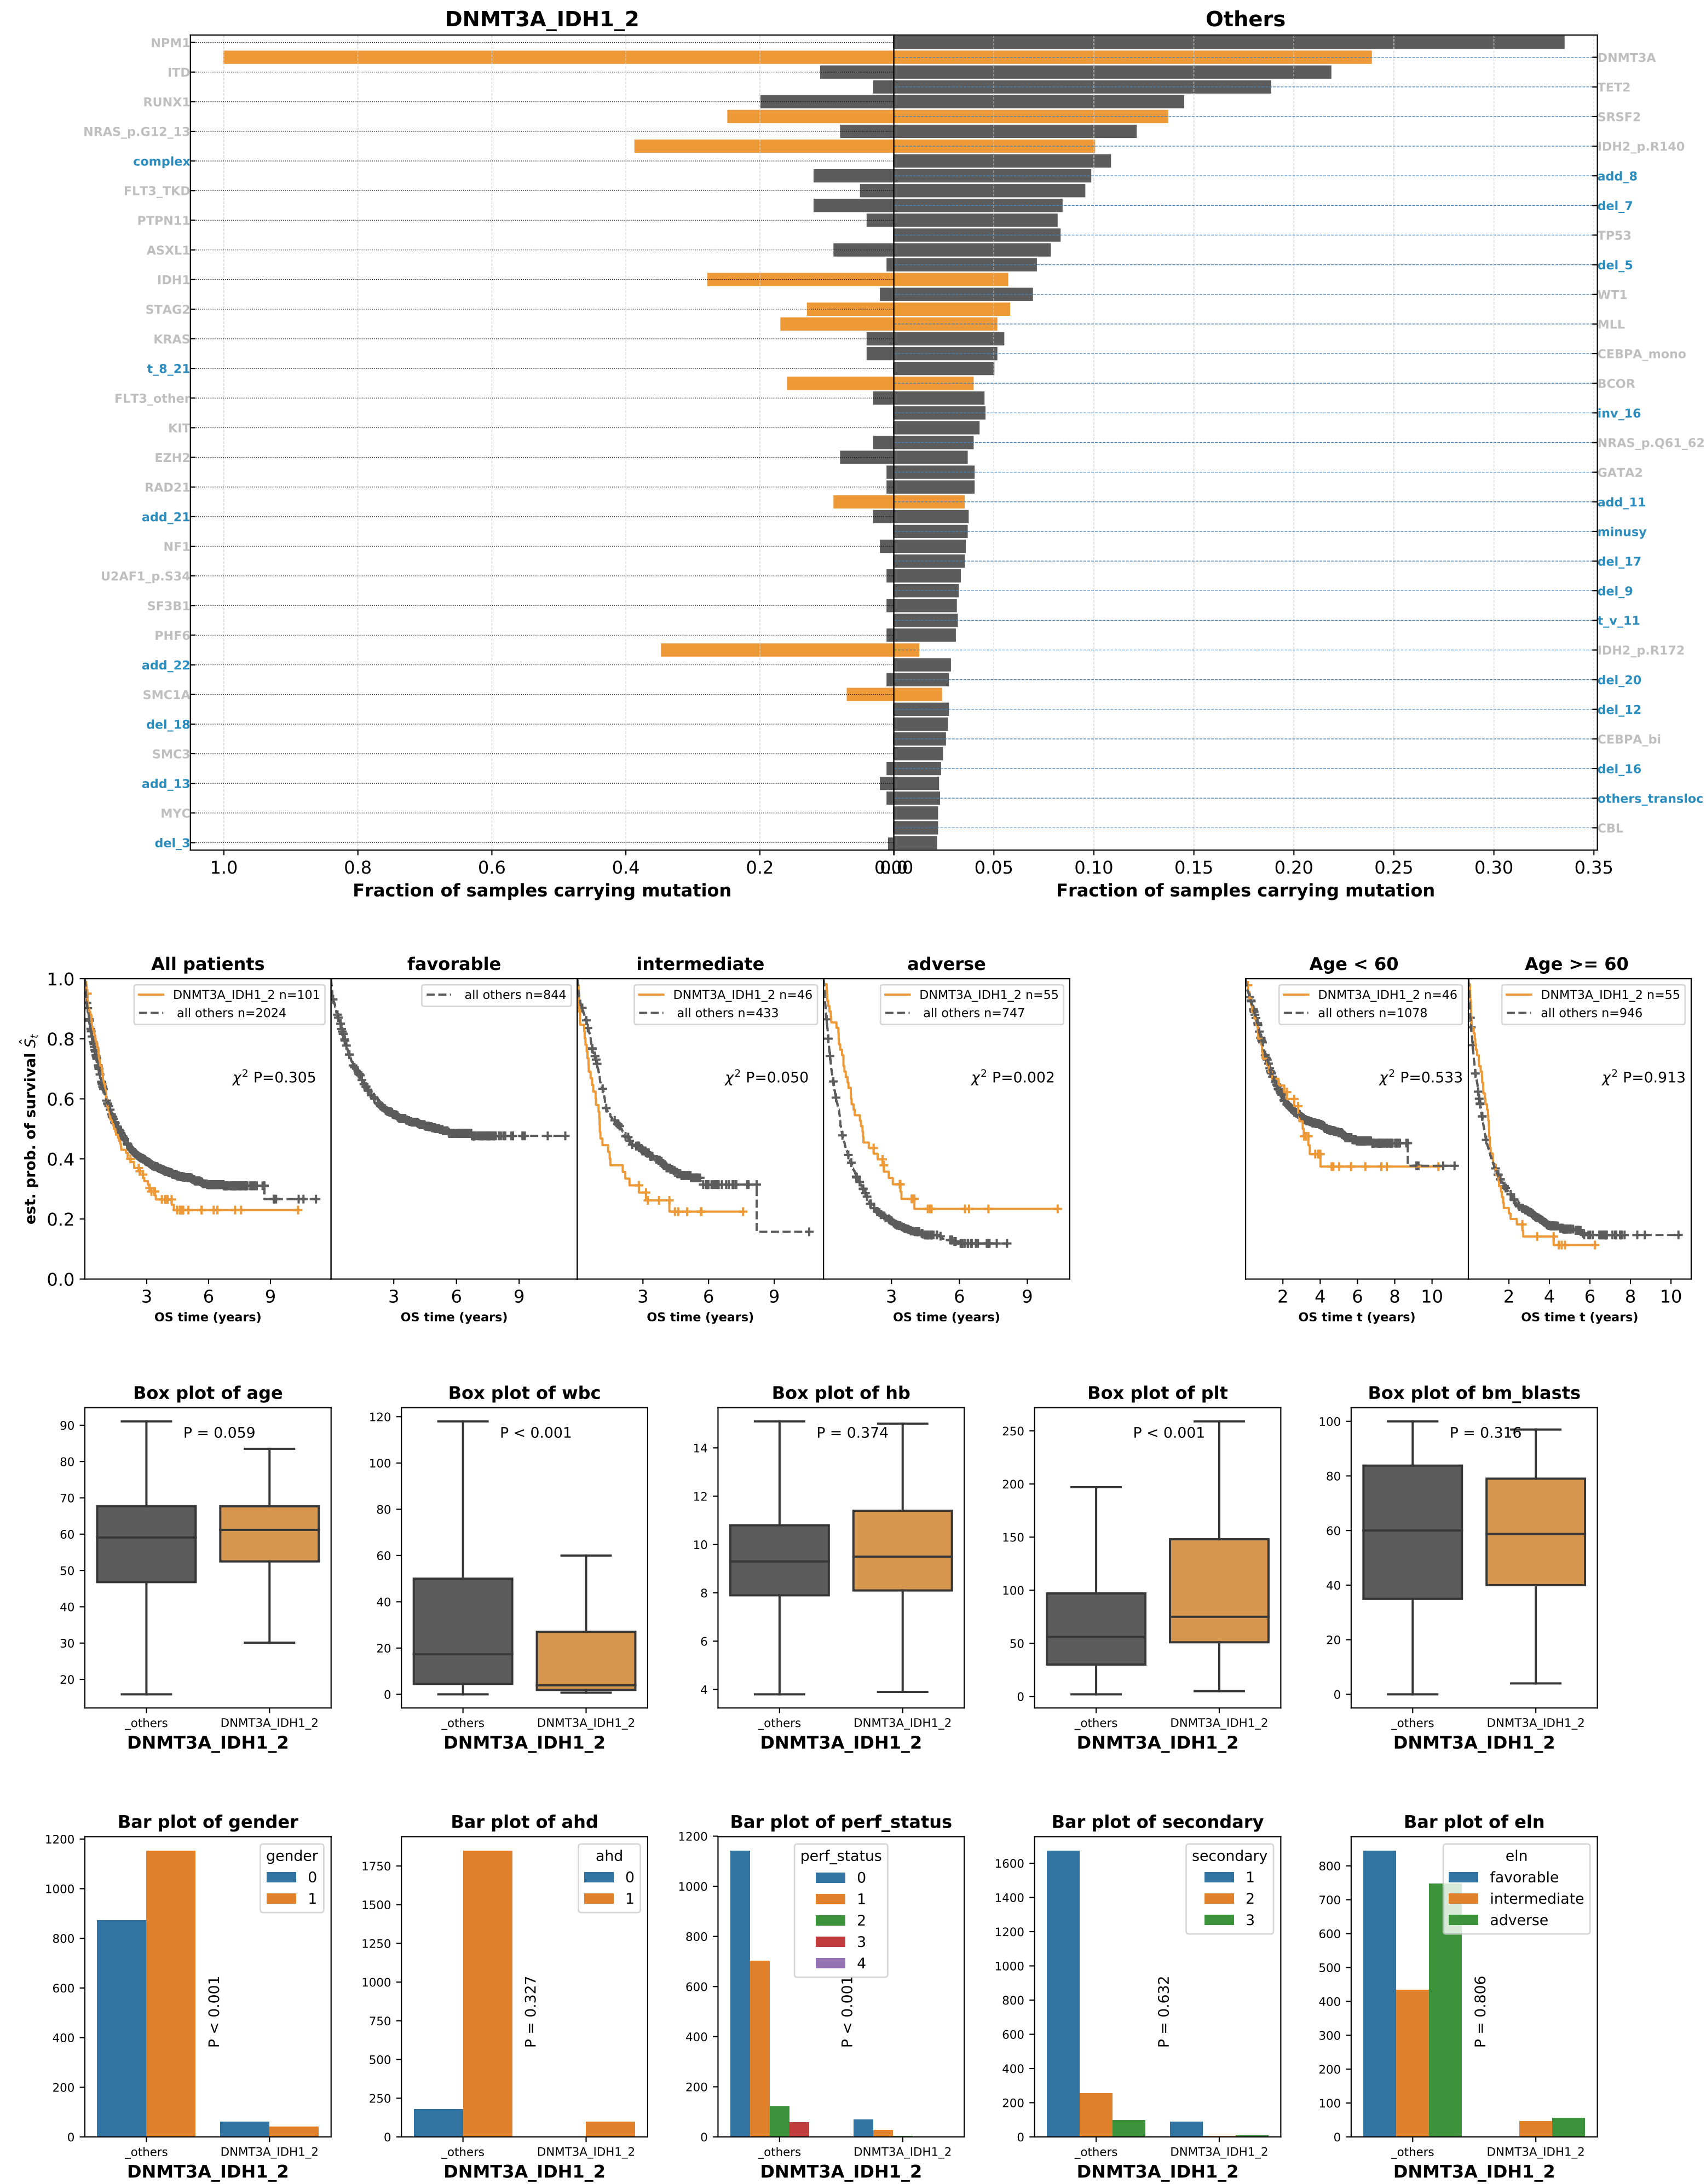

Table of classification, barplot of comutations, KM curves , box plots and bar plots for Component NPM1

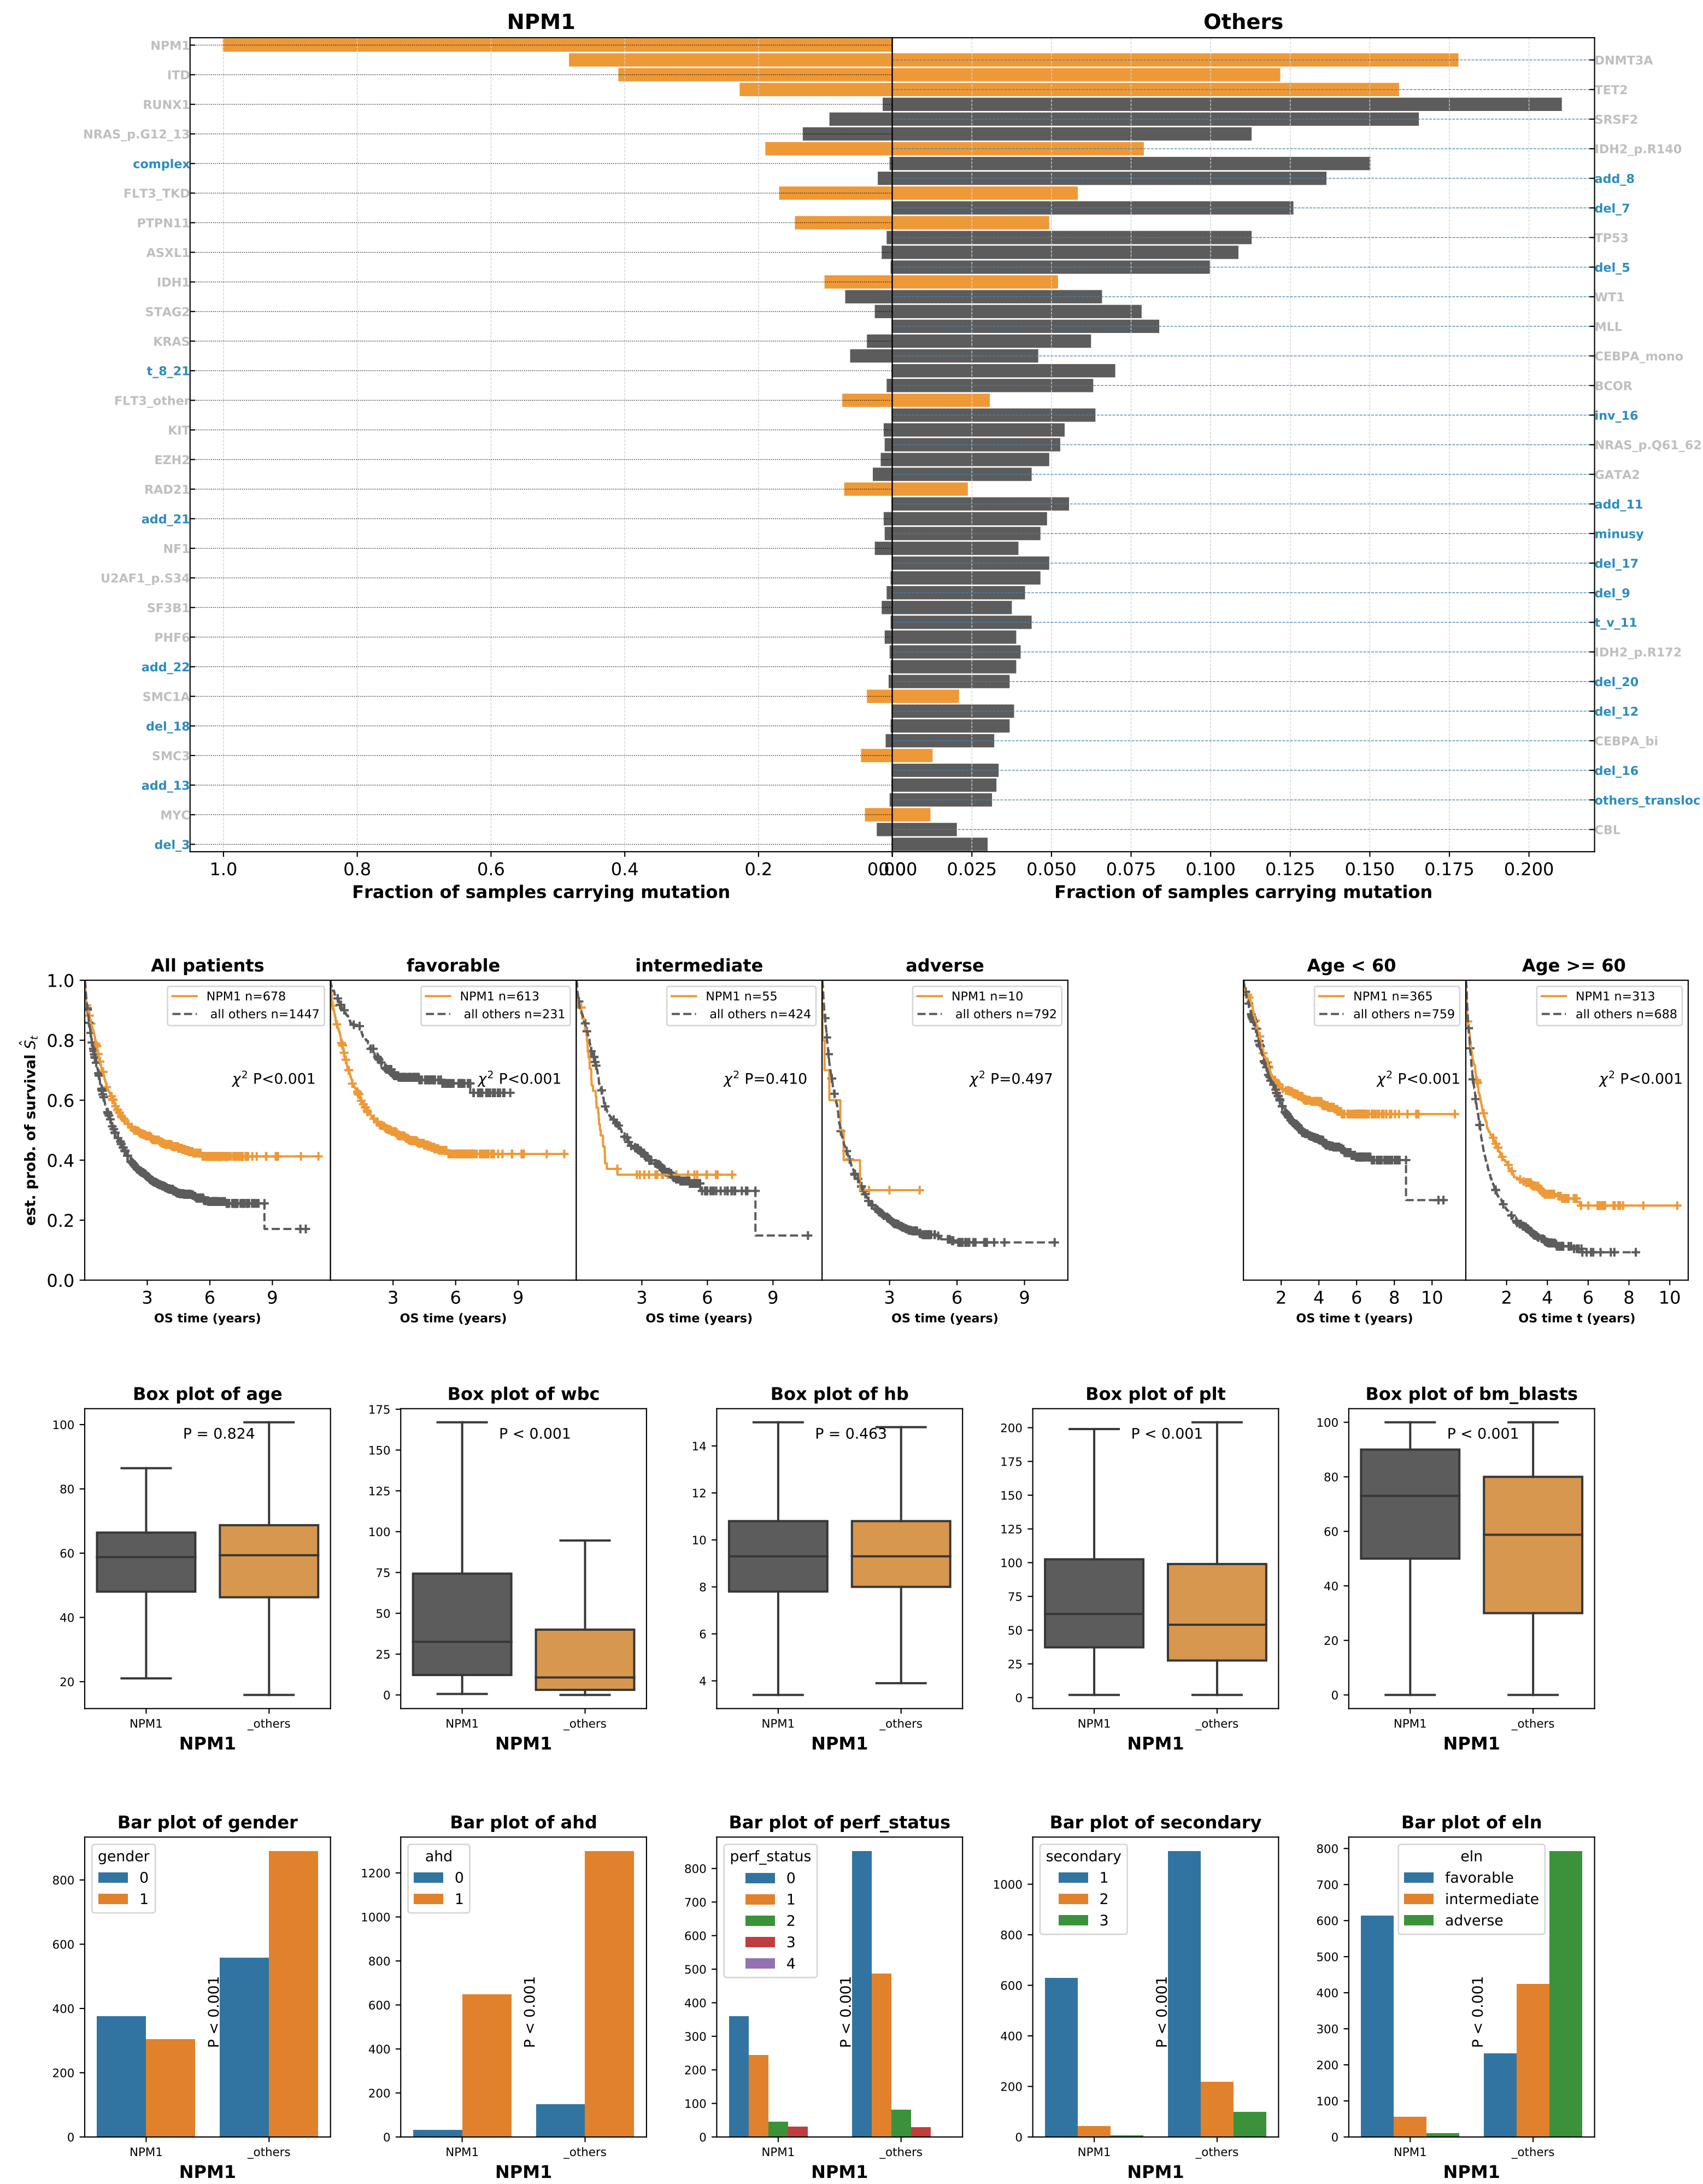

Table of classification, barplot of comutations, KM curves , box plots and bar plots for Component t_8_21

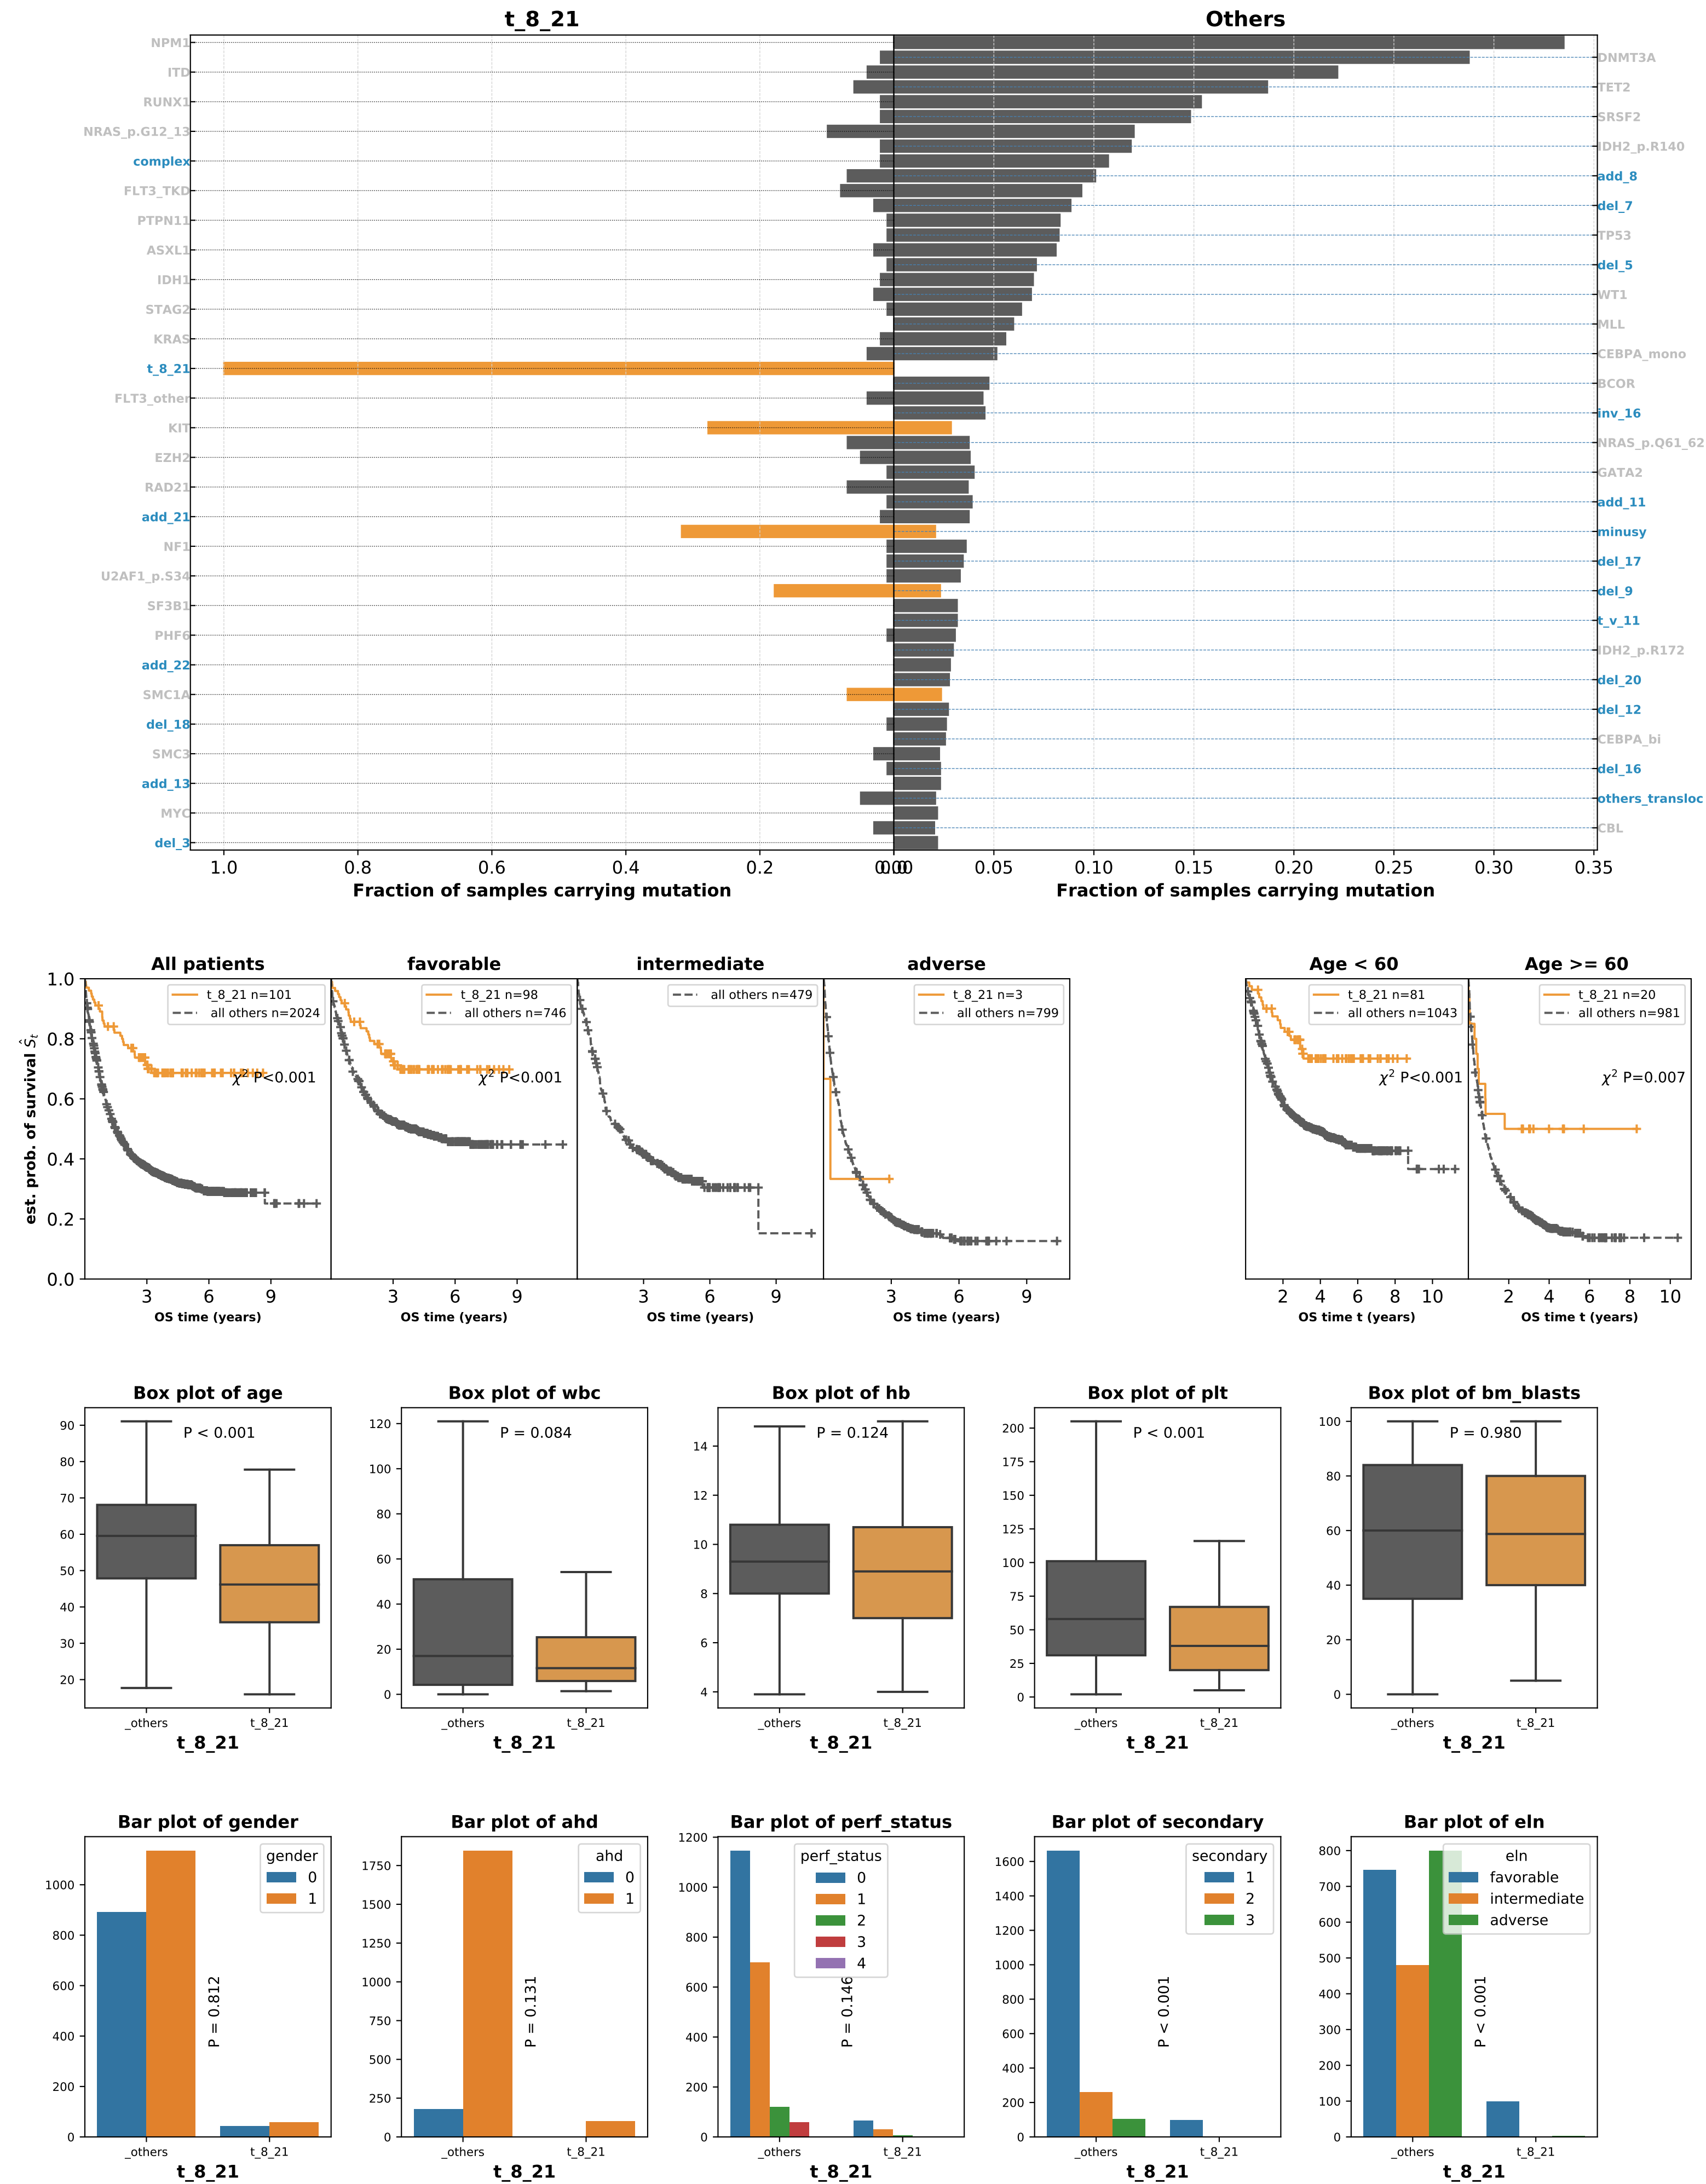

Table of classification, barplot of comutations, KM curves , box plots and bar plots for Component inv_3

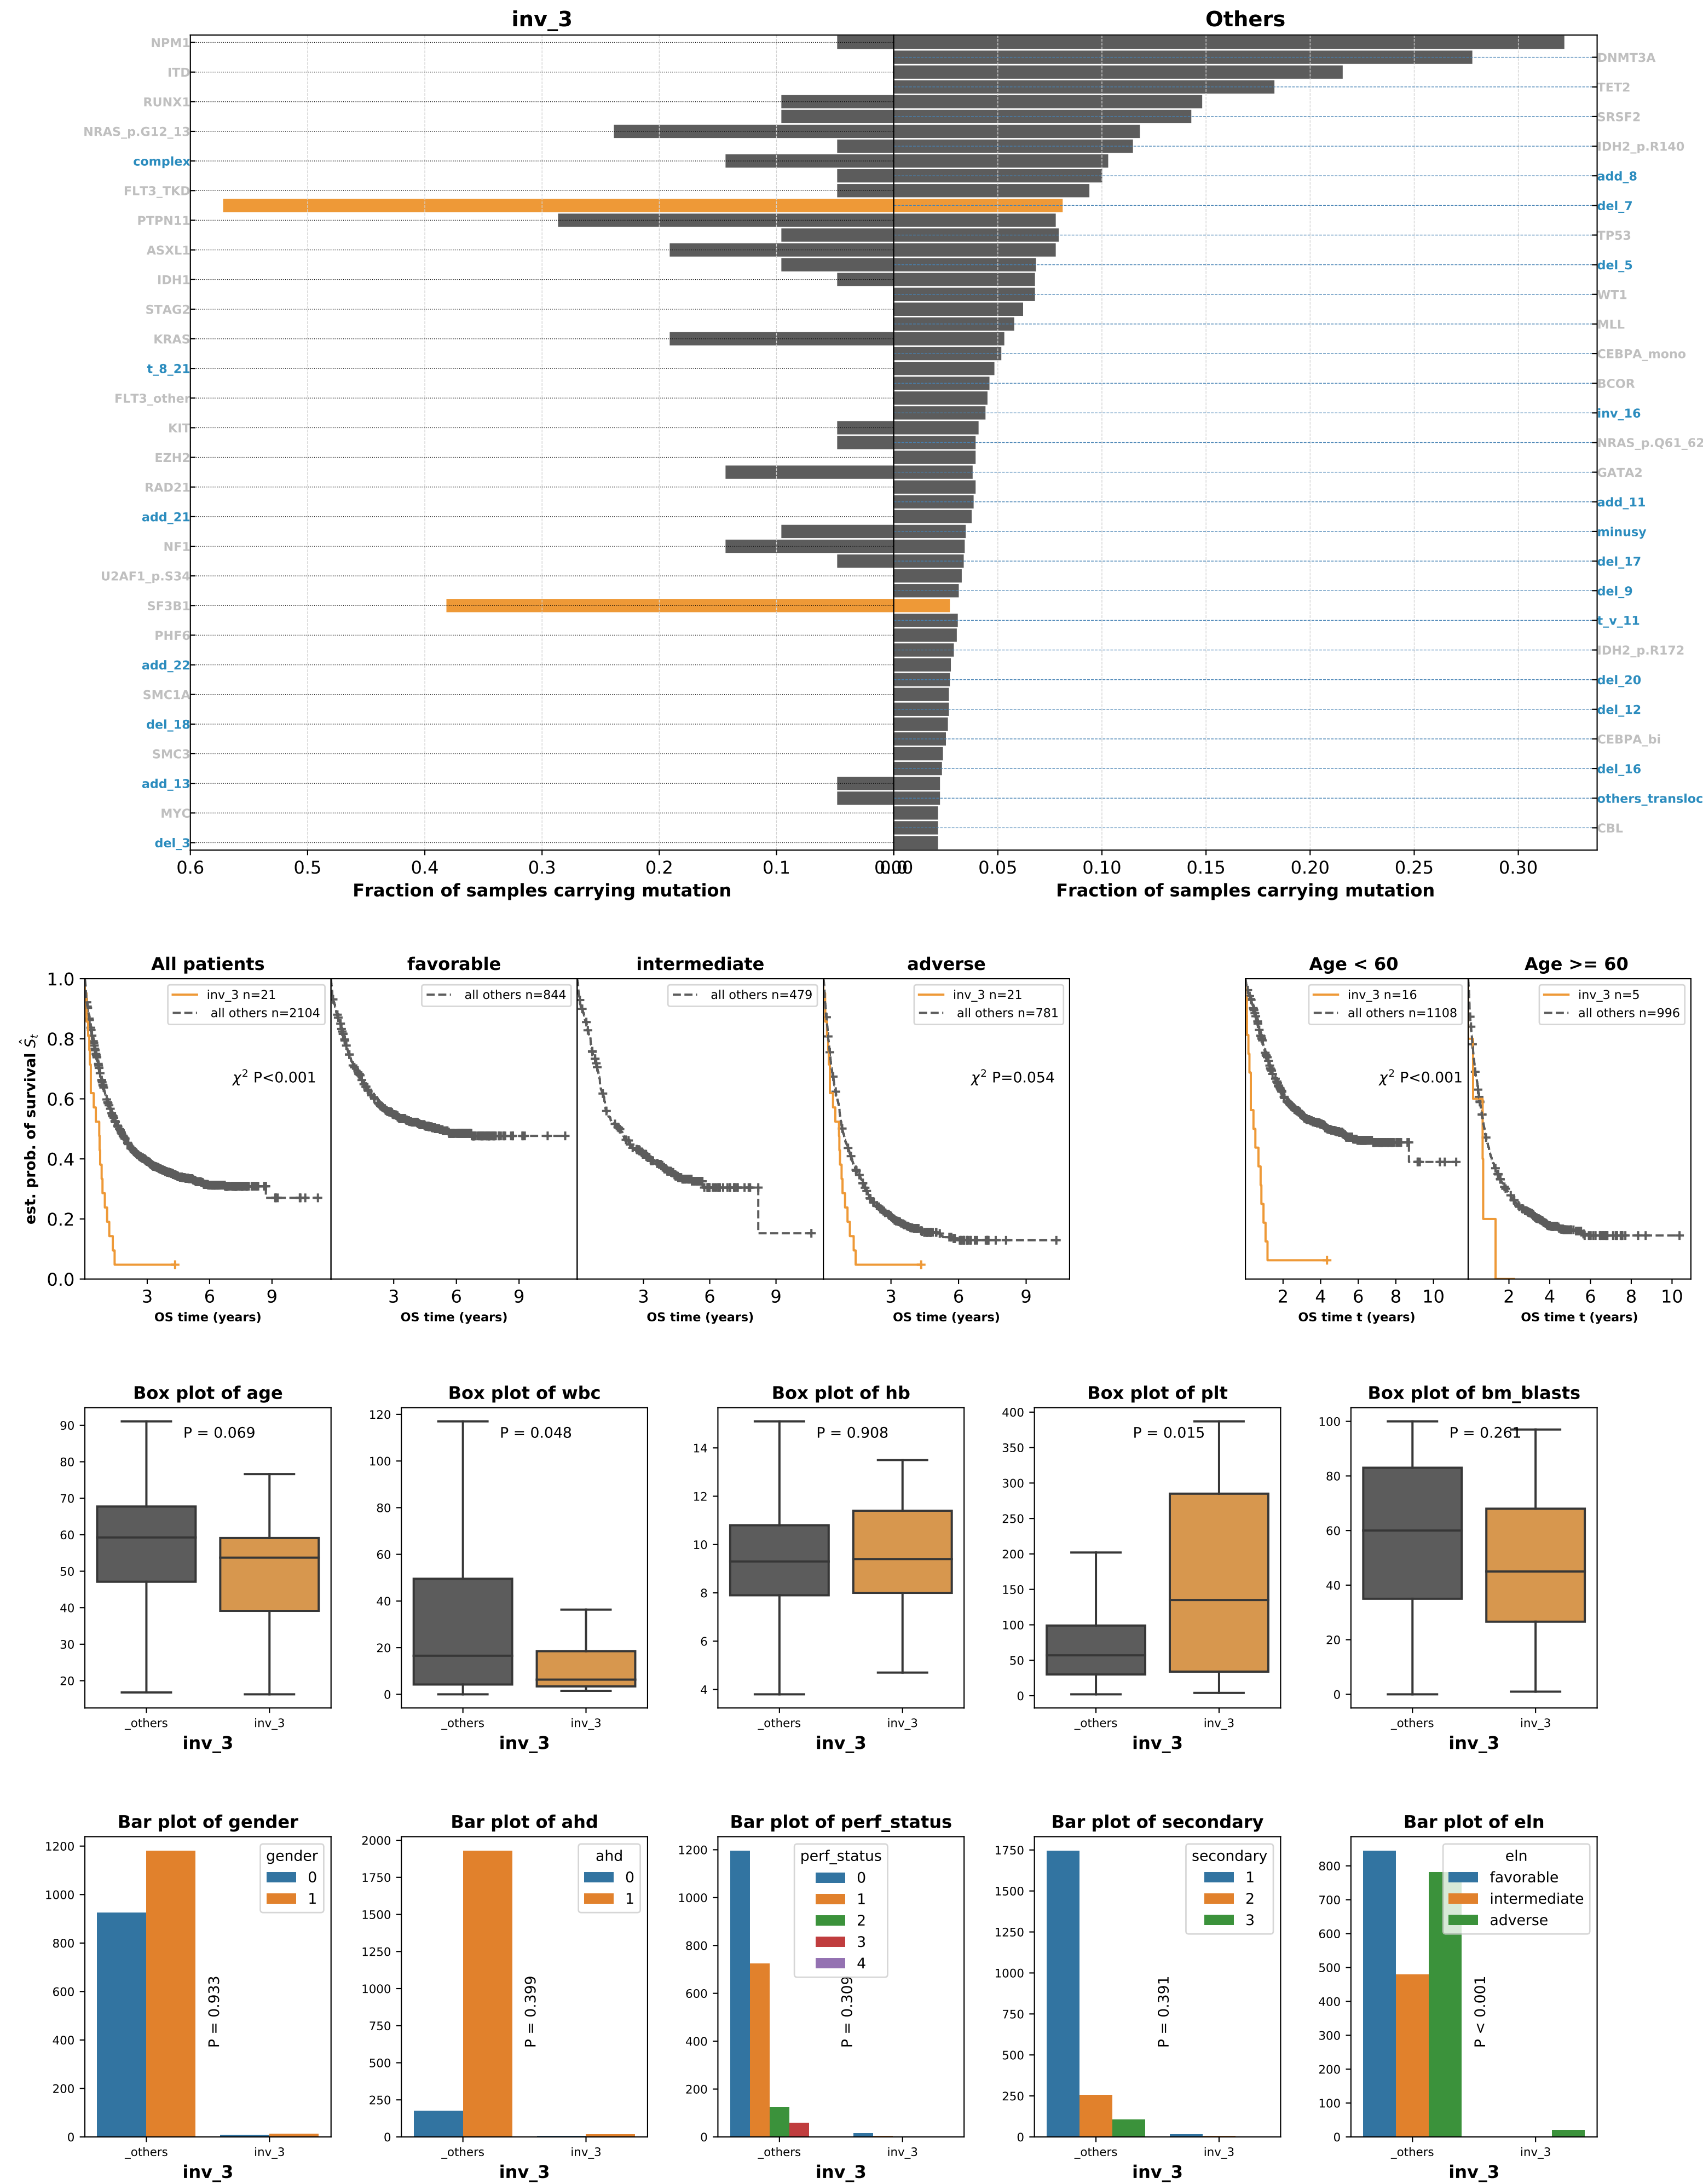

Table of classification, barplot of comutations, KM curves , box plots and bar plots for Component WT1

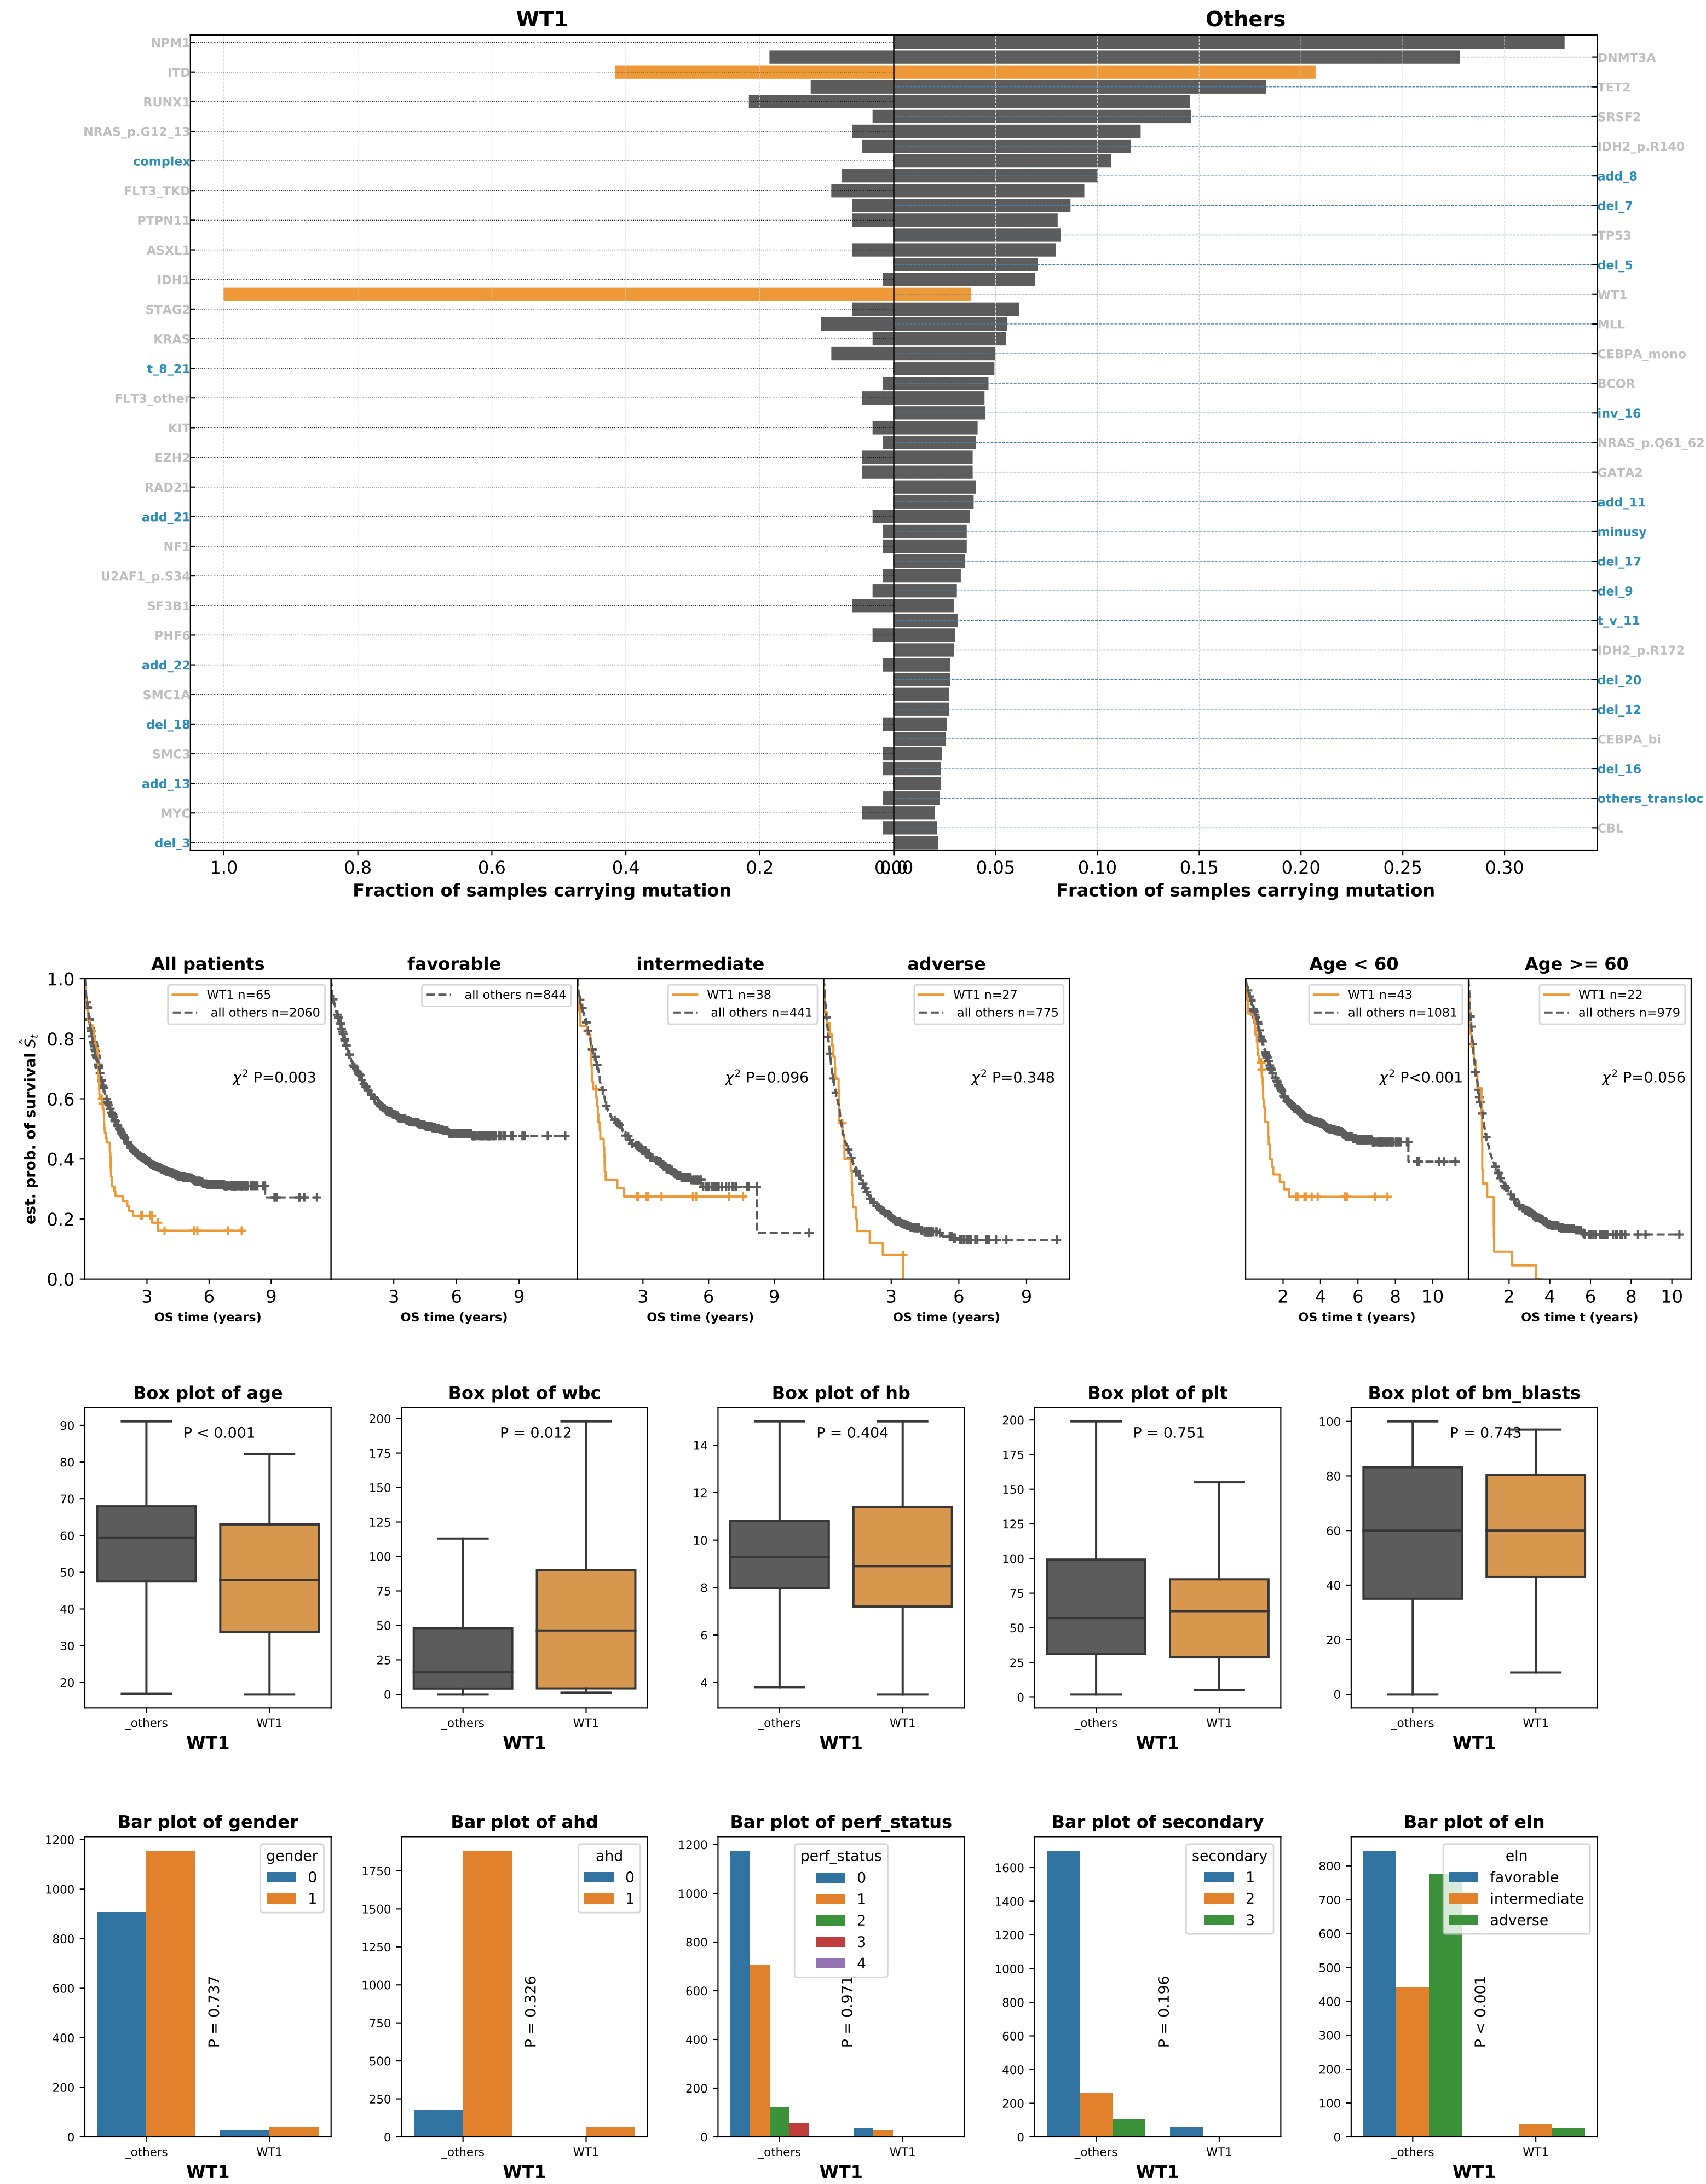

Table of classification, barplot of comutations, KM curves , box plots and bar plots for Component inv_16

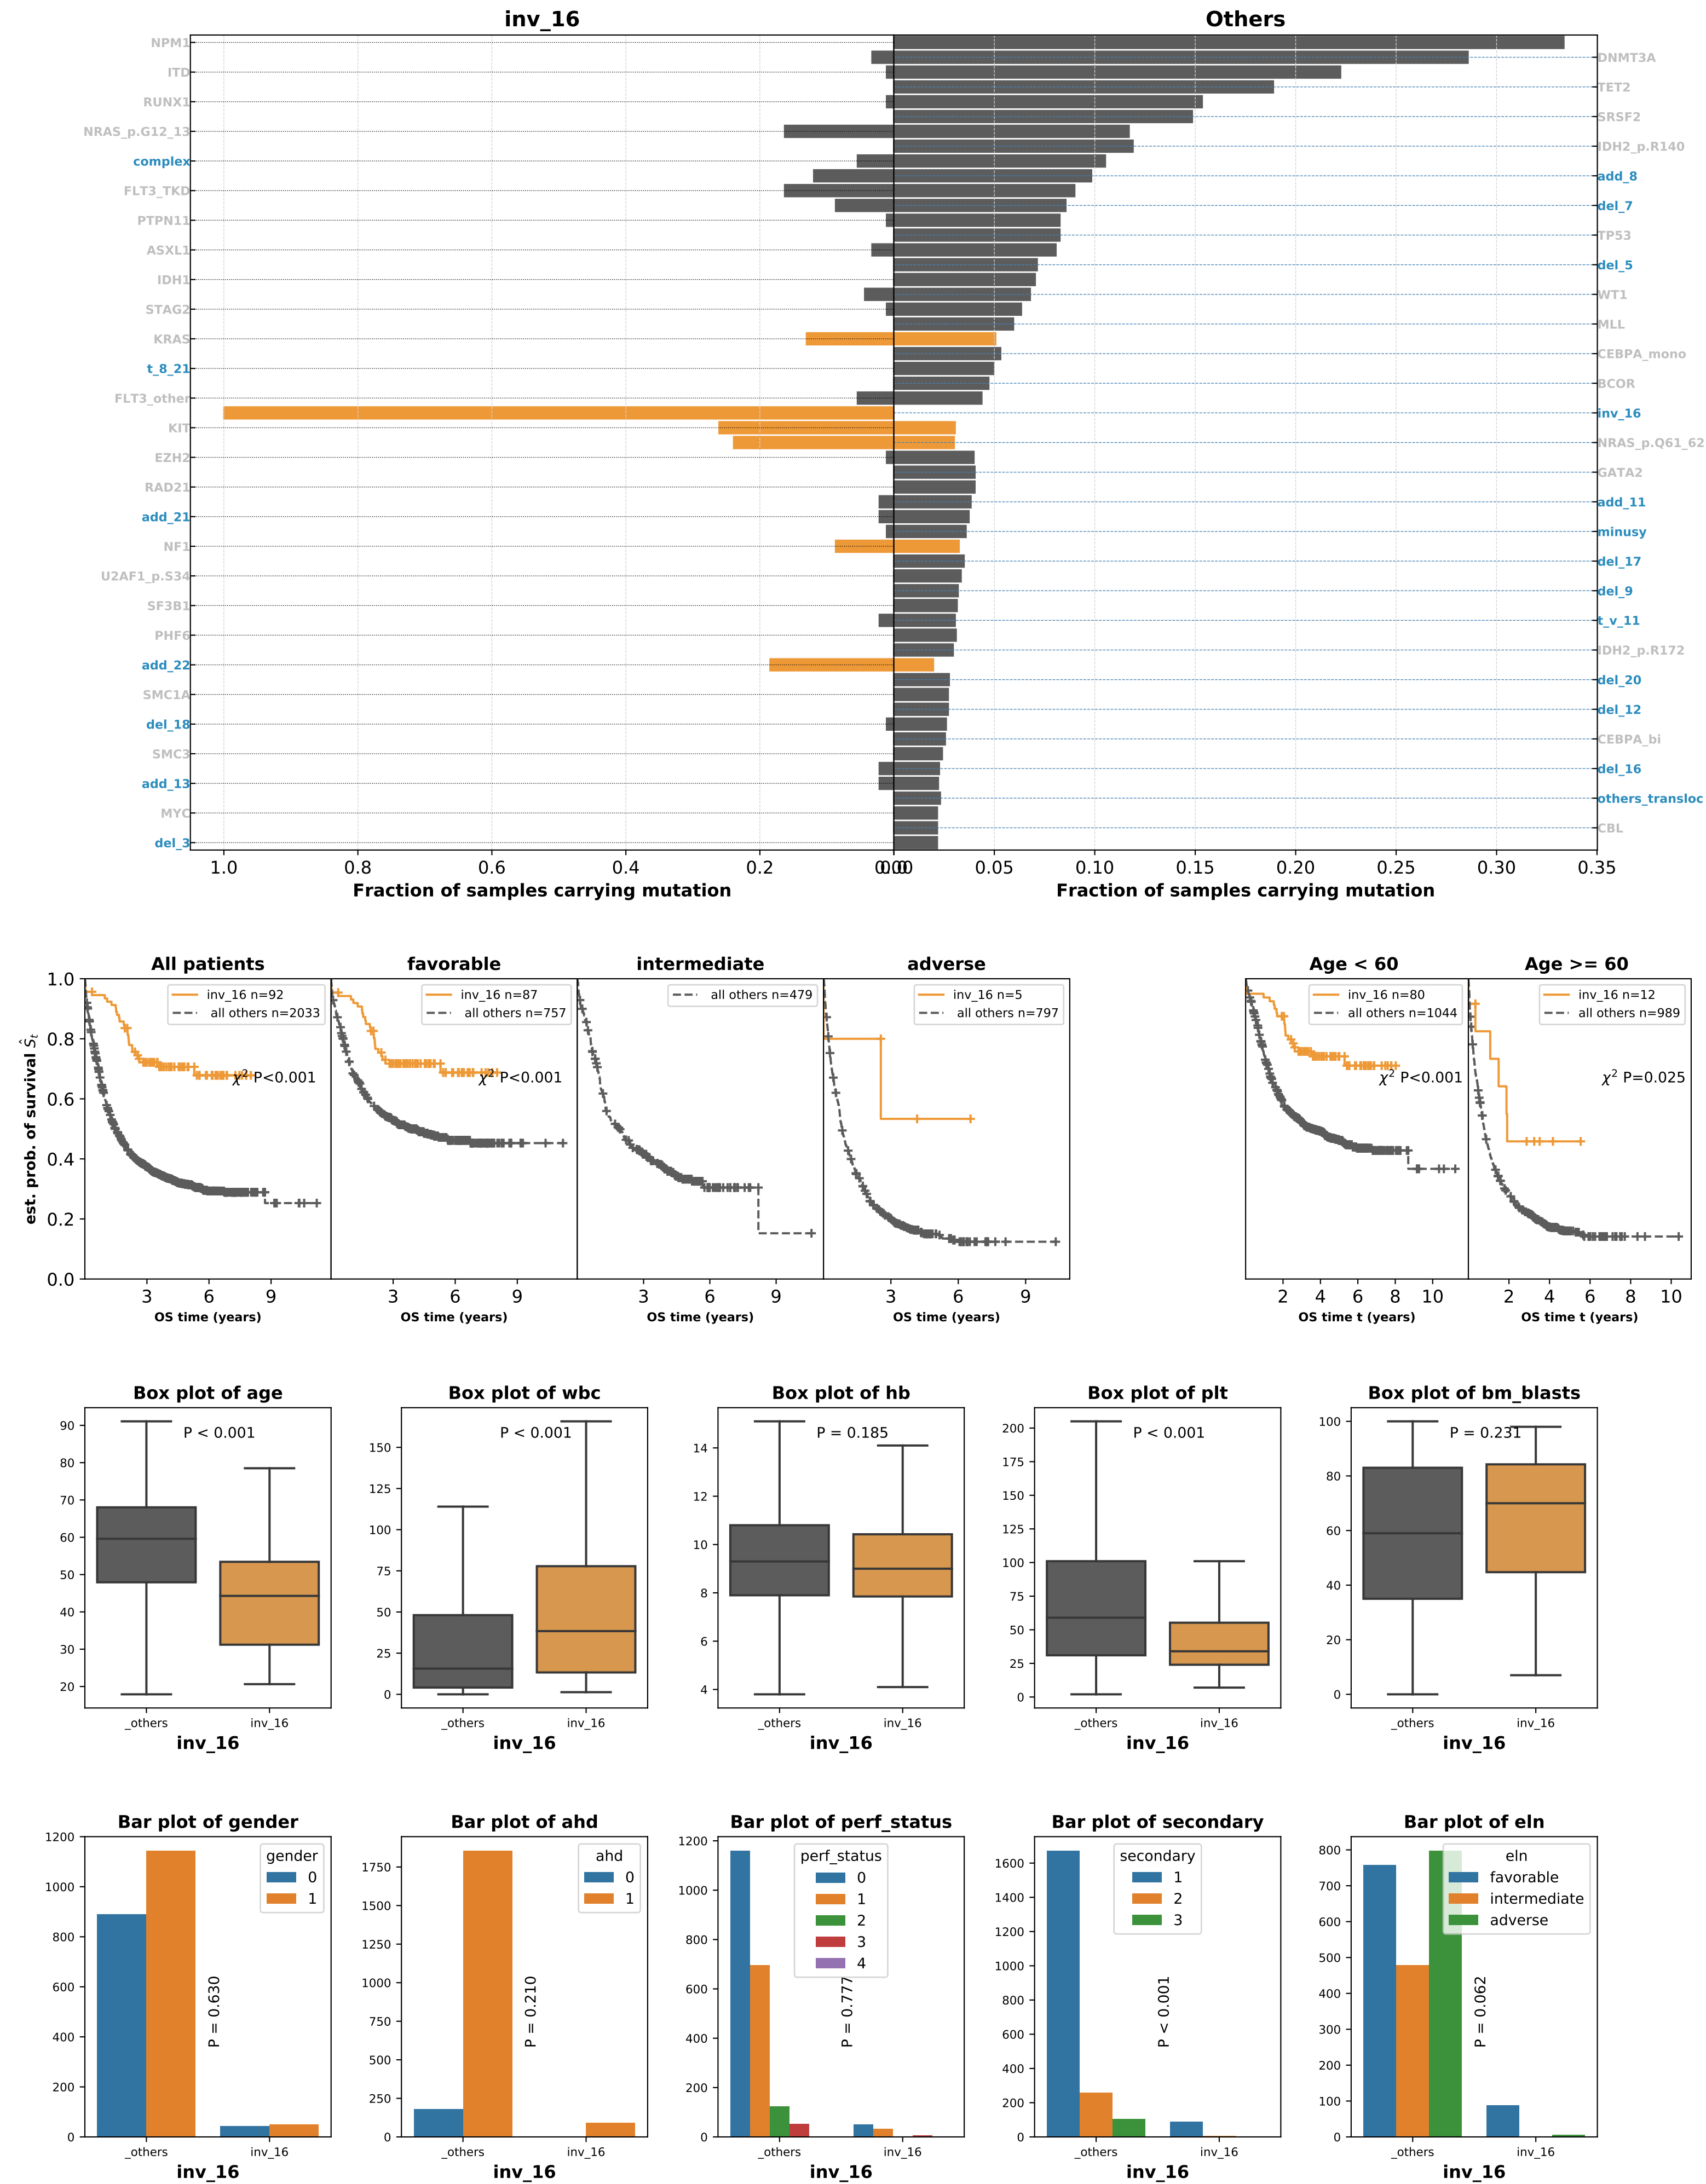

Table of classification, barplot of comutations, KM curves , box plots and bar plots for Component t_6_9

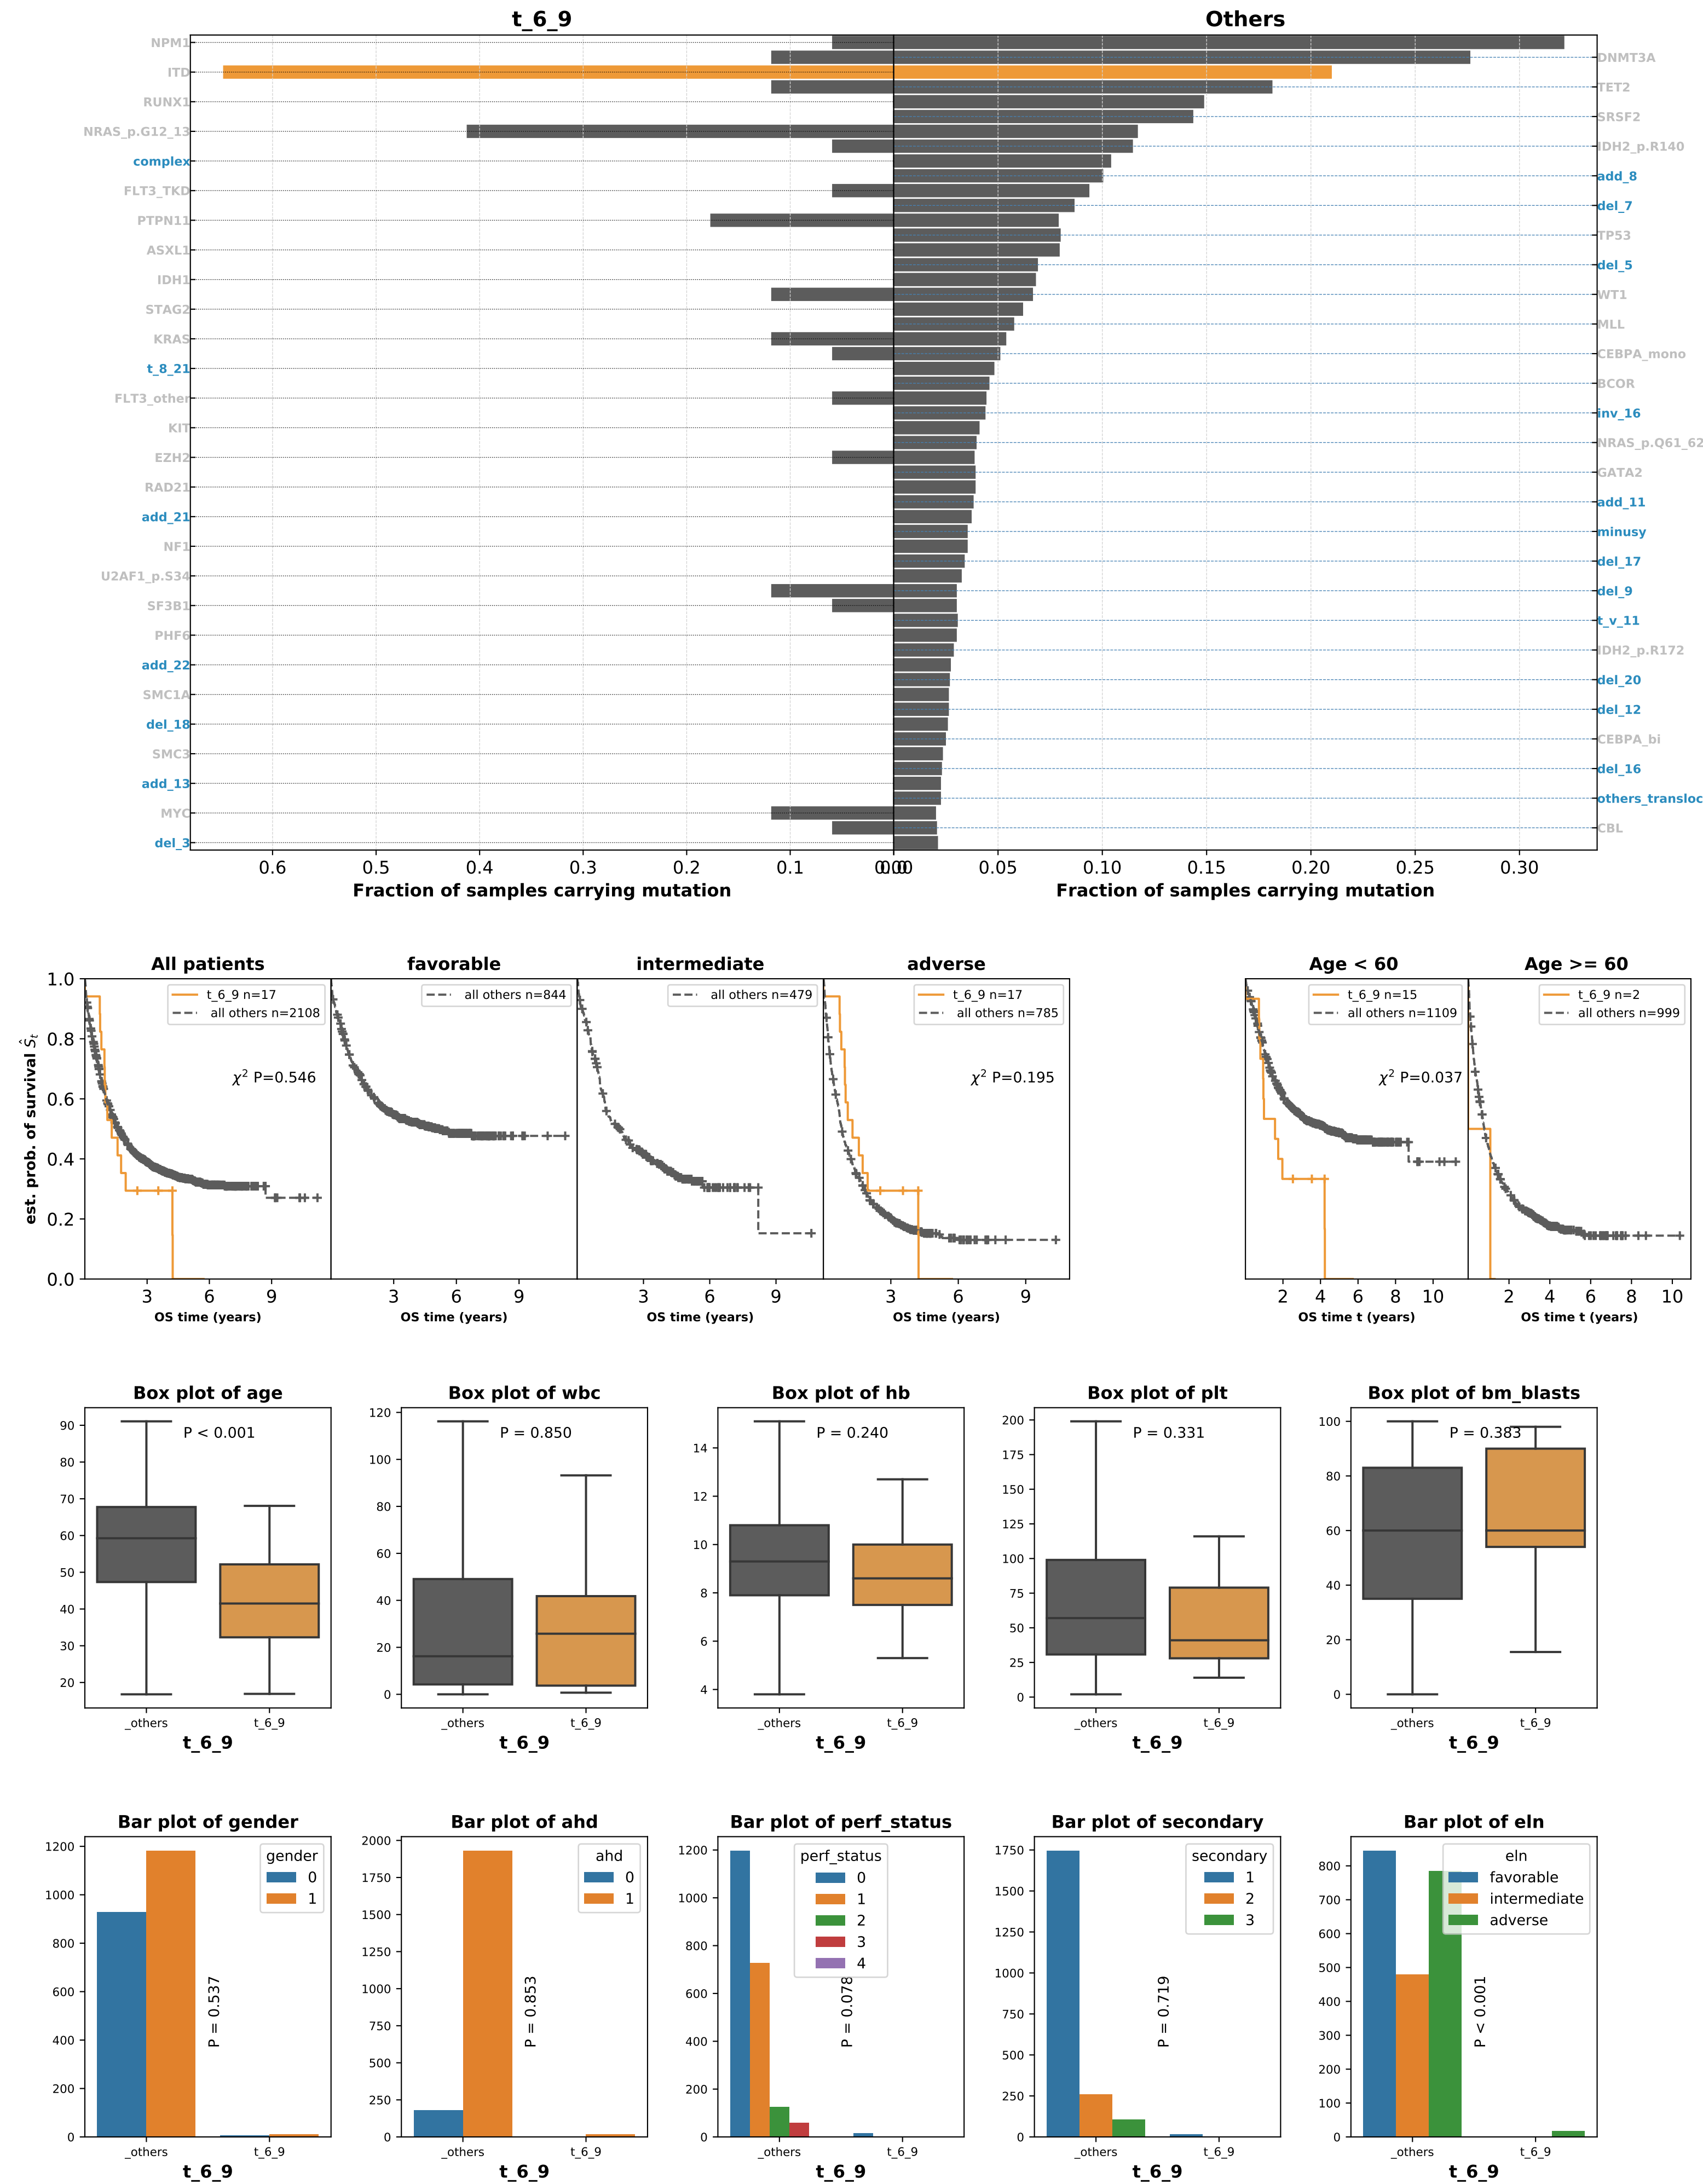

Table of classification, barplot of comutations, KM curves , box plots and bar plots for Component t_15_17
